## CHAPTER 1

**GARAGE SALES**

## SECTION:

- 12-1-1: Intent And Purpose
- 12-1-2: Definitions
- 12-1-3: Limit On Number
- 12-1-4: Hours Of Operation
- 12-1-5: Display Of Sale Property
- 12-1-6: Parking
- 12-1-7: Persons Exempted From Chapter
- 12-1-8: Separate Violations
- 12-1-9: Penalty
- 12-1-10: Severability

12-1-1: **INTENT AND PURPOSE:** The Village finds and declares that:

- (A) The intrusion of nonregulated garage sales is causing annoyance to citizens in residential areas in the Village and congestion of the streets in residential areas in the Village.
- (B) The provisions contained in this Chapter are intended to prohibit the infringement of any businesses in any established residential areas by regulating the term and frequency of garage sales, so as not to disturb or disrupt the residential environment of the area.
- (C) The provisions of this Chapter do not seek control of sales by individuals selling a few of their household or personal items.
- (D) The provisions and prohibitions hereinafter contained are enacted not to prevent but to regulate garage sales for the safety and welfare of the Village's citizens.

12-1-2: **DEFINITIONS:** For the purpose of this Chapter, the following terms, phrases, words, and their derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and words in the singular number the plural number. The word "shall" is always mandatory and not merely directory.

**GARAGE SALE:** All general sales, open to the public, conducted from or on a residential premises in any residential zone, as defined by the zoning ordinance, for the purpose of disposing of personal property including, but not limited to, all sales entitled "garage", "lawn", "yard", "attic", "porch", "room", "backyard", "patio", "flea market", or "rummage sale". This definition shall not include a situation where no more than five (5) specific items are held out for sale and all advertisement of such sale specifically names those items to be sold.

**PERSONAL PROPERTY:** Personal property which is owned, utilized, and maintained by an individual or members of his or her residence and acquired in the normal course of living in or maintaining a residence. It does not include merchandise which was purchased for resale or obtained on consignment.

- 12-1-3:     **LIMIT ON NUMBER:** Any person residing on a premises may conduct three (3) garage sales in a calendar year. However, in no event shall the total number of sales per premises exceed the sum of three (3) in a calendar year. Each sale may be conducted for a period not to exceed four (4) consecutive days.
- 12-1-4:     **HOURS OF OPERATION:** The garage sale shall be conducted during daylight hours. "Daylight hours" means between the official sunrise and sunset times of the particular day as provided by the Peoria office of the United States Weather Bureau.
- 12-1-5:     **DISPLAY OF SALE PROPERTY:** Personal property offered for sale may be displayed within the residence, in a garage, carport, and/or in a front or rear yard, but only in such areas. No personal property offered for sale at a garage sale shall be displayed in the side yard areas of any such premises or in any public right of way. However, a vehicle offered for sale may be displayed on a permanently constructed driveway within the front or side yards.
- 12-1-6:     **PARKING:** All parking of vehicles shall be conducted in compliance with all applicable laws and ordinances. Further, the Police Department may enforce such temporary controls to alleviate any special hazards and/or congestion created by any garage sale as may be required.
- 12-1-7:     **PERSONS EXEMPTED FROM CHAPTER:** The provisions of this Chapter shall not apply to or affect the following:
- (A)         Persons selling goods pursuant to an order or process of a court of competent jurisdiction.
  - (B)         Persons acting in accordance with their powers and duties as public officials.
  - (C)         Any sale conducted by any merchant or mercantile or other business establishment from or at a place of business wherein such sale would be permitted by the zoning regulations of the Village or under the protection of the nonconforming use section thereof or any other sale conducted by a manufacturer, dealer, or vendor and which sale would be conducted from properly zoned premises and not otherwise prohibited in other ordinances.
  - (D)         Any bona fide charitable, eleemosynary, educational, cultural, or governmental institution or organization when the proceeds from the sale are used directly for the institution or organization's charitable purposes and the goods or articles are not sold on a consignment basis.
- 12-1-8:     **SEPARATE VIOLATIONS:** Every article sold and every day a sale is conducted in violation of this Chapter shall constitute a separate offense. (Ord. 84-11)
- 12-1-9:     **PENALTY:** Any person found guilty of violating the terms of this Chapter shall be fined not less than fifty dollars (\$50.00) nor more than two hundred fifty dollars (\$250.00) for each offense. (Ord. 84-11; amd. Ord. 90-37, 4-15-91)
- 12-1-10:    **SEVERABILITY:** If any section, subsection, subdivision, paragraph, sentence, clause, or phrase of this Chapter, or any part thereof, or application thereof to any person, firm, corporation, public agency, or circumstance is for any reason held to be unconstitutional or invalid or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Chapter or any part thereof. It is hereby declared to be the legislative intent of the Board of Trustees that this Chapter would have been adopted had such unconstitutional or invalid provisions, clause, sentence, paragraph, section, or part thereof not then been included. (Ord. 84-11)

## CHAPTER 2

**SMOKING IN PUBLIC BUILDINGS**

## SECTION:

12-2-1: Adoption of Smoke Free Illinois Act

12-2-1: **ADOPTION OF SMOKE FREE ILLINOIS ACT:** The Village incorporates by reference all of the provisions of the Smoke Free Illinois Act, as contained in 410 ILCS 82/1 et seq., as now in force or as may be amended from time to time. (Ord. 98-7, 76-98; amd. Ord. 02-20, 10-21-02, amd. Ord. 07-51, 12-17-2007)

## CHAPTER 3

**VILLAGE OF MORTON PERSONNEL POLICY MANUAL**

## SECTION:

- 12-3-1: Introduction
- 12-3-2: Employment Status, Evaluations, and Terminations
- 12-3-3: Compensation and Benefits
- 12-3-4: Employment Conditions and Administrative Details
- 12-3-5: Hours of Work
- 12-3-6: Attendance / Discipline and Open Door Policy

12-3-1: **INTRODUCTION:**

- (A) Purpose: This Manual contains the personnel policies and procedures of the Village of Morton. The Manual is intended to serve as a working guide for department heads and supervisors regarding the Village's personnel program. This Manual has also been prepared so that each employee may be better informed about policies, procedures, benefits, and other issues concerning important personnel matters, which will increase understanding and eliminate sources of discord, thereby increasing cooperation, unity, and efficiency in administration of the Village's affairs and operations.

All employees are expected to be familiar with and abide by the policies in this Manual, and those employees and officials in supervisory positions should endeavor to enforce these policies when necessary in a fair and consistent manner. All Village employees will have to complete an Acknowledgement and Disclaimer Form which indicates that the employee has received a copy of this Manual and understands his or her employment status. If questions arise about anything presented in this Manual, please consult your department head or supervisor for clarification or explanation.

- (B) Effect: The Personnel Policies of the Village of Morton are adopted by the President and Village Board, which retain the authority to alter, modify, or vary any of its adopted policies, and to add to or delete particular policies whenever, in their judgment, such actions are appropriate for the administration of Village affairs, without advance notice or negotiation with anyone. Nothing within these personnel policies is intended to, or may be interpreted to create any substantive rights, privileges, or entitlements, whether contractual or otherwise, between the Village of Morton and any current or prospective employee or with any other person. Nothing within this Manual or any of the Village's personnel policies or practices shall impair the right of each employee or the Village of Morton to terminate the employment relationship at any time for any reason upon notice to the extent such relationship is not otherwise controlled by statute.

- (C) **Scope:** Although these personnel policies are intended to be comprehensive in addressing the personnel program contemplated by the President and the Village Board, it is recognized that no written document intended to have general applicability can cover every situation, particularly where the efficient conduct of different departments within the Village's operations dictate variations in hours of operation and the working practices and conditions applicable to employees within that department's operation. For that reason, Department Heads are expressly authorized to issue, and to add to, modify, delete from, or cancel, departmental directives, procedures, and standard practices, and/or general or special orders to establish personnel practices which add to or interpret, and where necessary, modify, the personnel policies within this Manual. In establishing such personnel practices, Department Heads should look to these personnel policies for guidance in an effort to maintain uniformity and consistency, except to the extent that the operations of that department are best served by variations or differentiation.
- (D) **Collectively-Bargained Agreements:** It is recognized that the President and Village Board have in the past and may in the future, enter into collectively-bargained agreements with recognized collective-bargaining representatives on behalf of particular groups of employees within the Village's operation. It is expressly acknowledged that the provisions of such collectively-bargained agreements control and shall be applied to employees covered by such agreements, not with-standing any contrary provisions within this Manual. Accordingly, any matters specifically covered by the collectively-bargained agreements shall not be modified, nullified, supplemented, or superseded by any provisions within this Manual. Where such agreements leave matters to the decision or discretion of the Village and its administration, the personnel policies and practices in this Manual shall serve as guidelines for management action.
- (E) **Application:** Except as noted above and as set out below, the personnel policies stated in this Manual are intended to be applied to all Village employees, whether exempt or non-exempt under the Fair Labor Standards Act, whether sworn and commissioned pursuant to State law or not, and irrespective of the status of employment of such employee.
- (F) **Equal Opportunity Policy:** It is the policy of the Village of Morton to provide equality of opportunity to every individual, not only in employment, but in access to Village services, public accommodations, housing, and financial credit within the corporate limits of the Village of Morton. All Village employees are to take appropriate, lawful measures to insure equality of opportunity for all of the Village's residents and individuals doing business within the community without regard to race, color, religion, sex, gender, national origin, ancestry, age, marital or familial status, sexual orientation, military status, unfavorable discharge from military service, arrest record, order of protection status, or physical or mental disability or handicap, or registered qualifying patient status under the Compassionate Use of Medical Cannabis Pilot Program Act.
- (G) **Gender:** Where utilized in this document, the terms he or she are intended to include both male and female, and shall be so applied.
- (H) **Authority:** Nothing within these personnel policies shall be interpreted to restrict or limit in any manner the authority of the Village Board and management, and direction of the Village's operations, including, without limitation, the authority to create and to eliminate operations, jobs or job functions whenever such actions are deemed appropriate for the efficient administration of Village affairs.

- (I) **New Employee Orientation:** During the first few days of employment, the new employee will receive important information regarding the performance requirements of the new employee's position, basic Village policies, compensation, and benefits programs, plus other information necessary to acquaint the employee with the employee's job and the Village of Morton. The new employee will be asked to complete all necessary paperwork at this time, such as medical benefit plan enrollment forms, beneficiary designation forms, and appropriate federal, state, and local tax forms. The new employee will also be required to present information establishing the employee's identity and eligibility to work in the United States in accordance with applicable federal law. Further, the new employee will have to complete an Acknowledgement and Disclaimer Form which indicates that the employee has received a copy of this Manual and understands his or her employment status.

The Village also encourages every new employee to ask any questions so that the employee will understand all the guidelines that affect and govern the employee's employment relationship with the Village of Morton.

- (J) **Job Descriptions:** The Village maintains job descriptions which are intended to indicate the types of tasks and the levels of responsibility and work difficulty required in positions given a particular pay classification, and shall not be construed to specify or limit the specific duties and responsibilities of any particular position. The use of a particular expression or illustration in a job description shall not be interpreted to exclude matters which are not mentioned but which are responsibilities of the position described. The job descriptions remain subject to change whenever change is deemed appropriate by the Village, and shall not limit the Village's authority to determine what duties individual employees shall perform. The Village Administrator, the Director of Public Works, or the Department Head responsible for the employee's department should be contacted in order to obtain a particular job description or set of job descriptions.

- (K) **Marriage/Spouse:** Where utilized in this Manual, the term marriage shall include any legal or legally recognized marriage in the State of Illinois, including both opposite-sex and same-sex marriages, and shall be so applied. Where utilized in this Manual, the term spouse shall include parties to either an opposite-sex or a same-sex marriage, and shall be so applied.

12-3-2: **EMPLOYMENT STATUS, EVALUATIONS, AND TERMINATIONS:**

- (A) **Definitions of Employee Status -** As used within these policies, these terms shall have the following meaning:

1. **Full-time Employee:** shall include both sworn and general employees employed in a regular, established position within the Village's operations which is normally scheduled for, and customarily expected to occupy, forty (40) or more hours each work week.

The Chief of Police, Deputy Chief of Police, Director of Fire and Emergency Medical Services, Director of Public Works, Zoning Enforcement Officer and Village Administrator are expected to work a reasonable amount of time so that they can accomplish their job functions in a manner acceptable to the President and Board of Trustees. It is the policy of the President and Board of Trustees that provided these employees are performing their job in a satisfactory manner, they can, on an occasional basis, take time off without using vacation time.

2. **Part-time Employee:** shall include all Village employees employed to occupy positions within the Village's operations in which the individual is only expected or required to work a limited amount of time, either on a temporary or on a regular basis, and does not require the employee to be available to work forty (40) or more hours each week on an ongoing, indeterminate basis. This will include employees who are employed temporarily to perform work expected to continue only for a period of limited duration, and employees who are employed to occupy regular or relief positions within the Village's operations which may be scheduled for less than forty (40) hours per week on an ongoing, indeterminate basis. The fact a part-time employee may be scheduled to, or actually works forty (40) or more hours per work week to fill in for absent regular full-time employees, to fill vacant full-time positions temporarily or to accommodate the needs of the Village, shall not alter the employee's status as a part-time employee.
3. **Sworn Employees:** shall refer to those employees who are sworn and commissioned pursuant to state statute including police officers hired pursuant to the Fire and Police Commission Act, and under the jurisdiction of the Board of Fire and Police Commissioners. Employees not within the definition of sworn employees may be referred to within these policies as general personnel.
4. **Exempt Employees:** shall refer to those employees who occupy positions which are exempt from the minimum wage and/or overtime provisions of the Fair Labor Standards Act, as amended. Employees performing positions not subject to such exemptions shall be referred to as 'non-exempt employees'.

Determinations whether particular positions are exempt turn upon the provisions of the Fair Labor Standards Act (FLSA) as amended, the regulations interpreting that Act, and the duties of the position, and may involve consideration whether the position falls within the professional, executive, or administrative exemptions of the FLSA. Exempt executive, administrative, and professional employees of the Village are employed on a salaried basis, and are not subject to reductions in their salary because of variations in the quality or quantity of their work in particular work weeks, except as permitted by the FLSA. Thus, unlike non-exempt employees, exempt employees are not docked in salary because they work less than a full work day or work week, and generally are not paid additional money because they work more than their regular work day or work week in particular weeks. Questions concerning payroll practices for exempt employees should be addressed to the Village Administrator to insure the Village maintains its compliance with the FLSA and its regulations. Nothing in these policies shall be interpreted or applied in a manner which would be contrary to the exemptions, where they apply.

5. **Department Head:** shall refer to those employees assigned to positions established to administer a particular department of the Village's operations.
  6. **Supervisor/Foreman:** shall refer to those employees assigned the duty to supervise particular operations within a Village department, and delegated authority, on behalf of the Village, to exercise supervisory authority over and to direct the performance of other employees. Supervisory employees shall report to the Department Head responsible for their department.
- (B) **Initial Evaluation Period:** Every Village employee, including any former employee and any part-time employee promoted to a full-time position shall be employed subject to an initial evaluation period. During this period, the Village administration will evaluate the employee's job skills, competence, efficiency, attitude, behavior, and capacity for growth to determine whether to continue employment beyond the initial evaluation period.

For general personnel, employed full time, the initial evaluation period will be six (6) calendar months (a minimum of one-hundred eighty (180) calendar days), but may be extended whenever the Department Head determines an extension is appropriate to provide the employee additional time to demonstrate the qualification and ability to justify retention. General part-time employees' initial evaluation period shall be equivalent to the six (6) month period for full-time employees, but may take into account the part-time nature of the employee's duties by extending the period to compensate for the nature of employment.

Except in extraordinary circumstances as determined by Village Officials, an employee who has not completed the initial evaluation period shall not be eligible for a promotion or voluntary transfer until the initial evaluation period has been completed. If an employee is terminated, either by the Village or voluntarily, before completing the initial evaluation period, any right or claim for use of or payment for any unused personal days recognized pursuant to Section 12-3-3(H) will terminate as well.

During the initial evaluation period, the Department Head responsible for each new or promoted employee, or a designee, shall evaluate the employee at least monthly to assess the employee's progress and suitability for retention. Where possible, the results of these evaluations should be shared with the employee, and a plan identified to provide an opportunity to correct deficiencies to the extent they are subject to correction. Completed evaluations should be documented in writing on forms adopted for that purpose, and the documented evaluations placed in the employee's personnel records. Extensions of the initial evaluation period should also be documented and placed in the personnel record.

- (C) **Credited Continuous Service:** Following satisfactory completion of an initial evaluation period, the date of the employee's credited continuous service shall be established as the date of the current employment with the Village. Each employee shall continue to accrue credited continuous service from that date until terminated pursuant to these policies. Credited continuous service shall be distinguished from "seniority" which may be recognized within particular departments, job groups, or jobs of the Village's operations.

Where a part-time employee is promoted to a full-time position within the Village operations, the employee will receive a new credited continuous service date upon completion of the initial evaluation period. Such date may be adjusted to credit the employee for pre-existing credited continuous service from part-time employment in a similar job to be determined at the time when the part-time employee is promoted to a full-time position.

Where an employee is laid off or absent from employment for a period of more than thirty (30) days without separation of the employment relationship pursuant to these policies, the employee shall retain his credited continuous service, subject to adjustment for the period of lay-off or absence. An employee voluntarily terminating employment shall lose all accrued credited continuous service.

- (D) **Performance Evaluations:** To foster efficiency and growth within each position in the Village's operations, the Village maintains a policy to evaluate its employees on a regular basis. Employees will typically be evaluated annually to identify progress in handling the job, areas for future growth and development, and deficiencies in the employee's performance requiring correction. In the evaluation process, the Department Head or his designee should meet with the employee under evaluation to discuss the evaluations and measures which may assist the employee in improving his or her performance. Completed evaluations should be documented in writing on forms adopted for that purpose, and the documented evaluations placed in a locked file within the municipal building with access limited. The evaluation shall be completed by December 15 of each year.

Where significant deficiencies in an employee's performance are noted which require corrective actions by the employee, the deficiencies and the measures necessary to correct those deficiencies should be noted, and a date established for re-evaluation to determine the employee's progress in correcting the deficiencies identified. Continued failure to correct identified deficiencies will result in the employee's termination. Nothing in this policy, however, shall create any restriction or limitation upon the Village's authority to terminate the employment relationship at any time upon notice.

Where the employee's supervisor recommends a change in position on the salary schedule or an increase beyond that set forth in the salary schedule, the supervisor shall inform the Trustee assigned to that department at the time the evaluation is completed.

- (E) **Post-Offer Physical Examinations:** To insure each individual is capable of performing the essential functions of their position, with or without reasonable accommodation, a post-offer physical examination, performed by a physician selected by the Village at Village expense, may be required after the applicant has received a contingent offer of employment or promotion. The physical examination procedure shall, as its initial step, incorporate a drug screening test under standards and testing procedures designed to insure accuracy of the test result, which shall be utilized to determine whether the person is presently using any illegal, non-prescriptive drugs or other controlled substances, or abusing or misusing prescriptive drugs. Persons testing positive will not be considered further for employment by the Village. The person will be given notice of this condition at the time the person applies for a position with the Village, and will complete any consent forms necessary to authorize such testing as part of the application process. If an applicant has been previously employed by the Village within the year prior to the applicant submitting a new application for employment with the Village, the drug screening test may be waived at the discretion of the Department Head overseeing the applicant's prospective re-employment with the Village.

During employment by the Village, every employee may be required to have a physical examination, performed by a physician selected by the Village at Village expense, whenever the Department Head has reason to question the employee's ability to perform the essential functions of the position. In addition, physical examinations performed by a physician selected by the Village at Village expense may be required when any employee reports any injury or illness relating to work and resulting in any lost work time, and when any employee has been off work for any reason for a period of thirty (30) days or more, before the employee will be allowed to return to active duty. Further, employees off duty by reason of illness or injury shall, as a condition for continuance of their employee status, be required to comply with physician instructions and programs to restore them to proper condition, and make every effort to rehabilitate themselves in order to return to duty at the earliest practical date.

Physical examinations, whether post-offer or during employment, shall not include testing for genetic information. An individual's genetic information shall not be used by the Village during the application review process to determine an individual's qualification for Village employment and shall not be used in any manner or circumstance when evaluating or reviewing a Village employee.

- (F) **Substance Abuse Policy:** The Village is committed to a policy designed to promote safety in its operations and to insure a safe and efficient work environment free from the abuse of illegal drugs, intoxicants, and other controlled substances or alcohol. Being under the influence of drugs, intoxicants, or other controlled substances or alcohol on the job presents serious health and safety risks, not only for the employee/abuser, but for co-workers and other individuals who may be working with or in proximity to the employee. In addition to the possible criminal nature of the conduct, employee involvement in drugs and/or alcohol can also adversely affect job performance and morale, and undermine public confidence in the efficiency of the Village's administration and operations. Department Heads are responsible for executing the Village's Substance Abuse Policy.

1. Testing: The Village will utilize substance testing in the following circumstances:
  - (a) Pre-employment
  - (b) Reasonable cause
  - (c) Random testing
  - (d) Post-accident
  - (e) Return to duty
  - (f) Follow-up testing
  
2. Assistance Programs: The Village encourages employees to recognize that they have or may have a problem with the abuse of alcohol, drugs, intoxicants, or other controlled substances, marriage and family issues, stress and related disorders, depression, grief and loss, abuse recovery, divorce mediation, career counseling, child and adolescent behavior concerns, gambling and financial concerns, or other related concerns, and the Village further encourages employees to obtain professional assistance before a problem affects an employee's work performance.

Some types of counseling or professional assistance may be covered under the Village's group health care plan. An employee should review the group health insurance plan document or consult the Village Administrator in order to determine whether, and to what extent, coverage is provided by the Village's group health insurance plan for the services and which organization may be a preferred provider ("PPO") under the Village's group health insurance plan.

Employees may apply to the Village Administrator to enroll in a qualified drug or alcohol rehabilitation program, subject to the following guidelines:

- (a) The Village Administrator shall determine if the program is qualified.
- (b) The employee has completed a minimum of one (1) year of full-time employment.
- (c) The employee has not attended a rehabilitation program within the prior 10 years while under Village employment, and
- (d) The employee has not consumed alcohol or taken any prohibited drugs while on duty.

If an employee does enroll in a program, he or she shall use all of their sick time, vacation time, and compensatory time, in that order. Any additional time required by the program shall be taken in a non-pay status. The total amount of time an employee is absent from work for such program shall not exceed thirty (30) days.

Employees who desire assistance may also contact the following outside organizations or agencies for assistance as noted:

Illinois Institute for Addiction Recovery:

Phone: 691-1055, or Toll-free: 1-800-522-3784

The employee should call to schedule appointment; but walk-ins are accepted 7 days a week, 24 hours a day. (If employee arrives after hours, they need to ring bell at side door to be let in.)

Employees can also refer to other sources for gambling and financial credit counseling.

Central Illinois Debt Management and Credit Education

Phone: 676-2941, Toll-free: 1-888-671-2227

719 Main Street

Peoria, IL 61602

Voluntary requests for assistance will be treated confidentially, and will not result in the imposition of any discipline. However, violations of the Village's policy prohibiting alcohol, drugs, and other controlled substances on the job will not be excused or condoned because the employee has previously sought assistance voluntarily.

3. Prohibition: The possession, use, manufacture, sale, or distribution of alcohol, drugs, or other intoxicants or controlled substances on Village property, or while at work or on the job for the Village constitutes employee misconduct sufficient to warrant disciplinary action, the levels of which are described below.

Employees taking lawful prescriptive medications on duty or working under their influence must maintain the substance in its original container, identifying the drug, dosage, date of prescription, and prescribing physician, and provide their Department Head with a statement from the physician indicating the employee is able to work while taking such medication, and listing any precautions or safety restrictions that may be advisable for the safety of the employee, co-workers, or the public.

4. Compliance: To insure employees are complying with the prohibitions of this policy, the Village administration may inspect any Village owned or maintained property, including desks, lockers, and other equipment assigned to employees for their use as employees, and any employee property brought or kept on Village property. Further, the Village administration may require any employee to complete blood, urine, or other diagnostic or testing procedures to detect the presence of alcohol, drugs, or other intoxicants or controlled substances within the employee's system whenever the employee is involved in any on-the-job accident including a traffic accident, reports any injury or illness related to employment and resulting in lost work time, or where a basis exists to question whether the employee may have used, may be under the influence of, or may be impaired by alcohol or any drug or other intoxicant or controlled substance while on Village property or on duty or at work for the Village.
5. Commercial Driver's License: In addition to the foregoing policies on substance abuse, employees engaged in jobs requiring a commercial driver's license ("CDL") are subject to federal drug and alcohol testing procedures mandated by the U.S. Department of Transportation.
6. Disciplinary Policy Related to Drug and Alcohol Usage: All of the following violations of this policy shall subject an employee to termination:
  - Using, selling, or dispensing illegal drugs on or off duty.
  - Refusal to take any test for which the employee was referred.
  - Refusing to cooperate in the assessment of the need for a drug or alcohol rehabilitation program, or refusing to enroll in such program, or failing to successfully complete any required rehabilitation program.
  - Consumption of alcohol or illegal substance on duty.
  - (a) If an employee reports to work with a blood alcohol content of 0.02% or greater, but less than 0.04%, the following applies:
    - (1) First offense: One (1) to two (2) calendar day suspension without pay, to be determined by the employee's department head or supervisor.
    - (2) Second offense: One (1) to two (2) day suspension (to be determined by the employee's department head or supervisor) and enrollment in an approved drug and alcohol rehabilitation program.
    - (3) Third offense: Immediate removal from work and mandatory enrollment in an approved drug and alcohol rehabilitation program. Only upon successful completion of the rehabilitation program shall the employee be allowed to return to work.

The above level of offenses and the respective penalties is to serve as a guide for the Village. Depending on the severity of the situation, the Village may, at its discretion, determine the level of action to be taken.

- (b) If an employee reports to work with a blood alcohol content of 0.04% or more, then the employee will be required to enroll in an approved drug and alcohol rehabilitation program and must successfully complete it. The employee shall immediately be removed from work, and shall be allowed to return to work only upon successful completion of the rehabilitation program.
- (c) If an employee has already successfully completed an approved drug and alcohol rehabilitation program, and then subsequently violates any of the blood alcohol content rules, he or she may be subject to termination of employment depending on the length of time which has passed since the completion of the drug and alcohol rehabilitation program.

Notwithstanding the provisions of Section 12-3-2(F)-6 listed above, if a violation of the Village's drug and alcohol policy results in personal injury to another party or employee, the employee shall be subject to immediate termination.

In the event of a violation of the Village's drug and alcohol policy, the Village Administrator may require the employee to be assessed for enrollment in an approved drug and alcohol rehabilitation program, and if determined necessary, successfully complete the program in addition to any disciplinary action. The right of the Village Administrator herein shall apply notwithstanding the provisions of Section 12-3-2(F)-6.

- (G) **Residency Requirement:** The following employees shall be required to reside within the corporate limits of the Village of Morton: Director of Fire and Emergency Services, Director of Public Works; Superintendent of Streets, Superintendent of Gas Distribution Department, Superintendent of the Wastewater Treatment Department, Superintendent of the Water Distribution Department, Superintendent of the Water Treatment Department, and the Zoning Enforcement Officer.

All regular, full-time employees of the Public Works Department (excluding the Gas and Water Distribution Departments) who are regularly scheduled to be "on-call" as a part of their job shall reside within 10 miles of the main Village office, located at 120 North Main Street, but within Tazewell County. For the purpose of this policy, the 10 mile limit shall include the corporate limits of the City of Pekin and the Village of Deer Creek. While "on-call" these employees shall remain within the 10 mile radius stated.

Employees of the Gas and Water Distribution Departments shall reside within seven (7) miles of Village Hall, located at 120 North Main Street, but within Tazewell County, except for employees who are transferred in the best interest of the Village between departments at the request of the Director of Public Works. While "on-call" these employees shall remain within the 7 mile radius stated, except for those who are transferred as stated above.

Individuals subject to these provisions who do not reside within the Village, or within the mileage requirements stated above, at the time of employment shall move to the Village and establish residence as soon as practicable following employment, and shall become, and thereafter remain, Village residents during the continuance of their employment, within twelve (12) months after the commencement of employment. The Village President is authorized to extend this time period due to personal hardship at his or her sole discretion.

Residency requirements for employees covered under collective bargaining agreements shall be as provided for in those agreements.

- (H) Immigration Reform Act Compliance: In accordance with the federal Immigration Reform Act, each individual employed by the Village must be legally eligible for employment within the United States at the time of employment. Upon employment, newly hired employees shall be required to complete an I-9 form to be filed with the Human Resources Coordinator, and produce satisfactory documentation to establish their eligibility for employment within the United States under the Immigration Reform Act.
- (I) Village Employment - Equal Opportunity: Consistent with its policy of equality of opportunity, the Village is committed to a policy of equal employment opportunity for all positions within the Village's operations consistent with federal and state laws. If there are any substantive changes to any state or federal statute, regulation, or administrative rule to any state or federal law, including all regulations or administrative rules cited in this policy, those changes are deemed to be automatically incorporated into this policy as of the effective date of such change.

Decisions concerning the recruitment, selection and placement of individuals in, and the retention, transfer, and promotion of individuals within the Village's operations are to be made on a basis of ability and qualification without consideration of race, color, religion, sex, gender, marital status, national origin, ancestry, age, military status, unfavorable military discharge, sexual orientation, being a victim of domestic or sexual violence, arrest record, order of protection status, genetic information, physical or mental disability or handicap, or registered qualifying patient status under the Compassionate Use of Medical Cannabis Pilot Program Act, except where a bona fide occupational qualification exists to require the consideration of one of these factors.

1. Harassment: Consistent with its policy of equality of opportunity, it is the policy of the Village to promote a productive work environment free from harassment, intolerance, or similar conduct which disrupts or interferes with work performance or creates an intimidating, offensive, or hostile environment. Any employee whose conduct, either to a co-worker or to anyone else, fails to conform to this policy and standard of equality may expect to face discipline or termination of employment.

More specifically, all Village employees are entitled to work in an environment free from unwelcome harassment. Thus, no form of harassment will be tolerated, including harassment because of an individual's race, color, religion, sex, gender, marital status, national origin, ancestry, physical or mental disability or handicap, pregnancy, age, military status, sexual orientation, unfavorable discharge from military service, arrest record, order of protection status, or because the individual is a victim of domestic or sexual violence. Although no form of harassment will be tolerated, sexual harassment is specifically and expressly prohibited. Sexual harassment is a violation of both Illinois and federal law, and includes any verbal, written, visual, or physical acts or conduct which is offensive in nature, intimidating, unwelcome, or might reasonably be taken as objectionable. It is conduct which is harmful to both the individual's well-being, and to the efficient conduct of the Village's affairs, and will not be tolerated by the Village administration.

Specifically, the Illinois Human Rights Act defines sexual harassment as "any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when (1) submission to such conduct is made either explicitly or implicitly a term or condition of any individual's employment, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment because of the persistent, severe or pervasive nature of the conduct". Sexual harassment is unlawful conduct prohibited by the Illinois Human Rights Act, as well as federal law, and will result in the imposition of appropriate discipline where, upon investigation, it is found to have occurred. Although not specifically required by state or federal law in all circumstances, appropriate discipline may include (among other forms of discipline) termination of employment, or a demotion and/or transfer of the offending employee. Where it is found to have occurred, sexual harassment offenses will be dealt with in the manner which management finds best suited to prevent any repetition.

To prevent problems of harassment from growing, any concerns must be handled at an early stage. Where an employee believes he or she has been subjected to uninvited and unwelcomed harassment, whether because of sex or any other reason, the employee should, as an initial step, indicate such conduct is unwelcome and request it cease, unless it is clear in the circumstances such requests will serve no purpose, or are likely to result in further unwelcomed conduct. Any employee who believes he or she has been improperly subjected to harassment of any nature, whether from a co-worker, a supervisor, or other Village employee, or third party, should promptly make a complaint to the employee's supervisor, and whenever practicable, providing written documentation of the allegations being made by use of the Village's harassment/discrimination complaint form (see Appendix A). Should the complaint relate to the employee's supervisor, then the employee should contact either that individual's direct supervisor, to the Department Head, or the Village Administrator. Complaints or reports of harassment will be investigated promptly. (However, the Village may not always want the supervisor, Department Head, or Administrator to perform an investigation because of the very sensitive nature of workplace harassment cases; thus the Village may have the investigation conducted by an outside source or another department within the Village having more expertise in investigation.) Employees are required to cooperate with any investigation of harassment. Retaliation against any employee for making a complaint or report or for providing information in an investigation is prohibited and will be grounds for disciplinary action. Thereafter, the appropriate official may initiate appropriate action to prevent future harassment and shall confirm that no further problems have arisen. If a determination is reached that a complaint or report or information provided in an investigation was intentionally false, the employee providing the false complaint, report, or information will be subject to disciplinary action, up to and including discharge.

In addition to the Village's internal procedures set forth above, the Illinois Human Rights Act provides formal procedures for the filing, investigation and adjudication of sexual harassment complaints. In the event the Village's internal procedures prove unsatisfactory, any employee with a complaint of sexual harassment may initiate charges under the Illinois Human Rights Act by contacting the Illinois Department of Human Rights and/or the Illinois Human Rights Commission at the offices of such agencies, located in Chicago and Springfield. The Springfield addresses are:

Illinois Department of Human Rights  
222 S. College, Room 101A  
Springfield, IL 62704  
(217) 785-5100

Illinois Human Rights Commission Room 404A, Stratton Building  
Springfield, IL 62706  
(217) 785-4350

Under the Act, a charge must be filed within 180 days of the alleged unlawful conduct, which, after department investigation, may result in adjudication before the Commission. Further details on this process may be obtained from the Department and/or Commission.

**Retaliation Prohibited:** In addition to prohibiting sexual harassment, the Illinois Human Rights Act makes it unlawful for any person to retaliate against any person because that person has opposed conduct which the person reasonably and in good faith believes to be unlawful discrimination or sexual harassment. Employees who are accused of sexual harassment shall be subject to discipline, including discharge, for any conduct or actions taken against another person because they have complained about the employee's conduct. In similar fashion, false complaints initiated in absence of a reasonable good faith believe that improper conduct has occurred will result in appropriate discipline for the employee making such false accusations.

2. **Americans with Disabilities Act:** Consistent with its policy of equal opportunity, the Village is committed to a policy of equal employment opportunity for employees with a physical or mental disability, provided an employee can perform the essential functions of their position with or without reasonable accommodation. An employee who may require accommodation in order to perform essential functions of the employee's position or who may need emergency evacuation assistance or emergency treatment should make such needs known to the employee's immediate supervisor. If an employee finds that this policy is not being adequately met, the employee should contact the employee's immediate supervisor or the Department Head if the complaint relates to the supervisor. Medical information provided under this section shall be maintained by the Village in separate confidential file, and any information provided to the Village pursuant to a request or complaint made under this section shall remain confidential to the maximum allowed extent while permitting the Village to address the request or complaint.
3. **Consent for Additional Information Release:** Applicants may, at the request of the Village, be required to execute a release authorizing the Village to obtain the applicant's military, medical, employment, credit, school, or other records that would be pertinent to employment. Said release shall be in a form satisfactory to the Village and shall release the Village from all liability with respect to obtaining such information.
4. **Hiring of Relatives:** An individual who is a relative of a supervisor within a department may not be appointed to a position in that department. This provision applies to all part-time and full-time employees, except those hired by the Board of Fire and Police Commissioners. For the purpose of this exclusion, a "relative" shall mean and include the following:
  - Spouse,
  - Child or stepchild
  - Grandchild
  - Parent
  - Grandparent
  - Brother or sister
  - Half-brother or half-sister
  - Uncle or aunt
  - Niece or nephew
  - Spouse of any stated above
  - Persons living together without the benefit of matrimony

Relatives of supervisors may be appointed to other departments.

If an employee becomes related subsequent to employment, these limitations shall apply to the continued employment of the person who became a relative subsequent to employment. An employee shall transfer to another department if a position is available; or if not, employment shall be terminated within 60 days of the time that the prohibited relationship was established.

(J) Employee Appearance and Demeanor:

1. Appearance and Demeanor: Every Village employee is, in the eyes of the public, a representative of the Village whose appearance, demeanor, and conduct can enhance, or detract from, public good will and community morale. Due to the diversity of the functions performed by employees and the conditions under which different groups work, it is impractical to establish any single uniform requirement or standard of attire for all Village employees. For particular jobs or departments, prescribed uniforms or standards of dress may be adopted to foster and improve safety, efficiency, and morale. Employees subject to uniform requirements or standards of dress are expected to comply with them while on duty. In general, every Village employee is expected and required to report for work with, and to maintain while on duty, a neat and appropriate professional appearance, and a courteous, businesslike yet helpful demeanor.

On Fridays designated by the Village Administrator, "Casual Friday" attire will be permitted for employees in particular departments where prescribed uniforms or standards of dress have not otherwise been adopted. Casual Friday attire shall include business casual shirts or blouses and presentable jeans. However, a Department Head or the Village Administrator may indicate that on such Friday, an employee or group of employees will need to attend at a meeting, appear in public on behalf of the Village, or at any other event related to Village business, and that regular business attire will be required.

While on duty, employees must control their tempers and their language. Under no circumstances shall any employee use any obscene, vulgar, or inappropriate language in addressing a resident or visitor to the Village, or other employees, or while in public performing their duties. Employees shall maintain a positive work atmosphere by acting and communicating in a positive manner that allows the employee to get along and interact in a positive manner with other Village employees, Village officials, and members of the public. While addressing a resident, visitor, or any member of the public or media when acting in the capacity as a Village employee, inappropriate language shall include talking about, or otherwise discussing in any manner, the Village, Village employees or officials, or Village policies in a negative or derogatory manner. Fighting, assault, disorderly conduct, verbal harangues, and/or horseplay by employees while on duty or on Village property is strictly prohibited, and cannot be tolerated.

2. Clothing Allowance: Where particular uniforms are prescribed which do not lend themselves to normal everyday use away from work, uniform allowances may be established to reimburse employees for reasonable expenses incurred in maintaining proper attire for their job. Employees will be notified of any allowance authorized for their position.

Where uniforms are provided by the Village, the uniforms remain Village property, and employees are to take proper care of them, and are to return them upon termination of the employment relationship in proper condition. Employees may be required to sign forms authorizing deductions from their pay for any uniforms not returned on termination.

3. Identification Badges: To identify certain personnel as Village employees, a photo-identification badge will normally be issued to new employees by their supervisor at the time they are employed. Employees are required to keep their identification badge on their person while on duty or at work in order to provide identification in situations where it will foster confidence or alleviate concern, or may otherwise be appropriate. On termination, each employee must return his or her identification badge to his or her Department Head.

- (K) Outside or Secondary Employment: Because of the nature of the Village's operations and the public trust upon which they depend, outside or secondary employment of all employees of the Village must be strictly controlled and regulated. No Village employee shall accept any other employment or engage in any for-profit enterprise or activity without the prior approval of their Department Head. This shall apply to any manner of employee activity, whether occasional, part time, temporary, or permanent, for which the employee will receive money, goods, services, or any other form of compensation. Regular, full-time employees are expected to be available to the Village to handle emergencies and other problems which may arise, even when they are not scheduled to be on duty, and cannot be allowed to accept outside commitments which might interfere with their primary employment by the Village.

Employees wishing to assume outside employment shall submit a request for authorization in writing in advance to their Department Head. In deciding whether to authorize such requests or not, Department Heads shall consider, among other items, (a) whether the position or activity may interfere with the employee's effectiveness in his/her position, and should give particular attention to the number of hours involved, the duties to be performed, and the location of work; and (b) whether the employment or activity might create a conflict or the appearance of a conflict, with the employee's Village position. Where authorization is granted, which shall be in writing, such authorization shall be revoked if the outside employment appears to have any detrimental impact upon the employee's performance of his or her duties with the Village.

Under no circumstances will Village employees be allowed to engage in any commercial endeavors while on duty or on Village property, or by utilizing any uniform prescribed for their job to foster any sales or any commercial endeavor.

- (L) Employment Separations: Just as any employee may terminate his/her employment at any time upon notice, the Village may terminate the employment of any employee at any time upon notice, except where terminations may be controlled by statute or other legal obligation. Terminations may be voluntary or involuntary, as explained below, and will result in the termination of an employee's credited continuous service and any recognized seniority, in addition to any privileges accorded by the Village's personnel policies, except where stated in the policy.

1. Voluntary Termination: includes both employee resignations from Village employment, and retirement (see definition of "retirement" in Section 12-3-3(N)-2 of this Manual). To resign from Village employment in good standing, an employee must provide written notice of resignation a reasonable period in advance of the date anticipated for an actual separation of employment.

Notice of resignation shall be submitted in writing to the employee's Department Head, and shall take effect upon receipt. Where it is in the interests of the Village, the Department Head receiving notice of resignation may waive the period of notice, and allow the resignation and separation to take effect immediately.

Any employee absent from work without notice for three (3) consecutive scheduled work days or longer will be deemed to have voluntarily terminated employment without notice, unless the absence is determined to have occurred due to extenuating circumstances which are deemed to be reasonable by the Village President. Employees who voluntarily terminate or resign from employment without proper notice as specified above shall not be eligible for any re-employment with the Village.

Where an employee has submitted notice of intended resignation, but wishes to rescind the resignation, the employee shall request to rescind the resignation by submitting a proper notice to the Department Head, but such request may only be approved if the Department Head authorizes it.

2. Retirement: Except to the extent authorized by law, the Village has no mandatory age for retirement. The term "retirement" shall have the definition as set forth in Section 12-3-3(N)-2 of this Manual.

In order to provide for a smooth transition, employees anticipating retirement, whether under the Illinois Municipal Retirement Fund or pension funds maintained for sworn personnel, should provide notice of their intentions as soon as possible and in advance of the anticipated date for retirement.

3. Involuntary Termination: Involuntary Termination of the employment relationship includes both terminations for unacceptable conduct or performance, and situations in which, without any specific fault or failure attributable to the employee, the Village decides to terminate the employment relationship. Among other instances, involuntary termination may occur where:
  - (a) Any employee is laid off for a period equal to one (1) year, or is unable to resume employment at the end of the layoff period;
  - (b) An employee off work by reason of approved leave of absence fails to return to work by the date his leave is to conclude;
  - (c) An employee laid off fails to notify the Village of his intent to return within five (5) days of notice of recall, and/or actually returns within two (2) weeks of such notice; or
  - (d) An employee is notified that his or her position with the Village is being terminated.

Except when a termination occurs for unacceptable conduct or performance, the Village administration will attempt to provide, but does not guarantee that it will provide, notice of any termination in advance of the date the employee's employment and credited continuous service will terminate. Employees terminated from employment involuntarily may be given consideration for re-employment by the Village in the event of vacancies or should new positions be created for which the individual is or may be qualified, except where the termination results from unacceptable conduct or performance.

#### 12-3-3: **COMPENSATION AND BENEFITS:**

- (A) Established Pay Levels: The Village Board shall adopt a base salary schedule. The salaries of elected municipal officers are set by ordinance and shall not be part of the base salary schedule. It is the Village's policy to examine its compensation structure annually to insure that it remains internally equitable in light of the duties required in performance of different positions and externally competitive with the compensation prevailing in similar jobs in other communities and private employment. This review will extend not only to wages and salaries, but also to fringe benefits provided to employees and the cost of those benefits.

The Village may, at its discretion, hire new employees with a starting salary above Step A, but below Step C, of the base salary schedule if it is in the opinion of the Department Head that such factors as the employment market conditions at the time of hire and the experience and/or qualifications of the employee warrant the salary level.

The Board of Trustees shall have the right to vary any employee policies and benefits for a new hire with a salary grade over Grade 18. A new hire shall be any person hired after July 1, 2011. Any such variance(s) shall be approved by the Board when the new person is hired, or at a subsequent date.

The proposed salary schedule consists of 18 pay grades and is broken down into three (3) components:

- Grades 1 – 7; Defined Merit Increment Plan has salary ranges with a minimum and a maximum with defined percentage increments in between. If an employee has a satisfactory performance evaluation, he/she systematically advances through their pay range. This performance evaluation, and resulting salary increment increase, occurs annually.
- Grades 8 – 13; Combined Defined Merit Increment/Open Range Plan is a hybrid plan where the first half of each pay range is a defined merit increment plan consisting of increments and the second half is an open range plan.
- Grades 14 – 18; Open Range Plan has salary ranges with minimums and maximums, but without defined percentage increments in between. Employees are advanced through the pay range based on satisfactory performance evaluation, with the “percentage” of their increase determined by their supervisor and the Village Administrator.

**Exemplary Performance Pay:** All pay grades shall have exemplary performance zones to allow those employees at the top of their pay range to earn an annual “one-time payment” based on performance. An employee is eligible for an exemplary performance award depending on the employee’s length of service. Employee’s with less than 10 years of service are not eligible for exemplary performance pay. An employee has to “re-earn” this incentive every year.

**Stipend Pay:** A stipend payment plan shall be implemented to accommodate those employees who have attained the advance certifications and licenses for the following classifications and salary grade levels within their Department. This shall be paid bi-monthly beginning May 1 the following year of receiving the certification. All payments shall be at the approval of the Director of Public Works.

Gas Distribution Technician, Water Distribution Technician, Gas and Water Utility Technician (Salary Range 4) – The maximum stipend shall be \$ 3,500/year.

- Gas License Class A = None
- Gas License Class B = \$ 1,500/year
- Gas License Class C = \$ 1,500/year
- Gas License Class D = None
  
- IEPA Water License Class A = None
- IEPA Water License Class B = None
- IEPA Water License Class C = \$ 500/year
- IEPA Water License Class D = None

Water Treatment Technician (Salary Range 4) – The maximum stipend shall be \$ 1,000/year.

- IEPA Water License Class A = None
- IEPA Water License Class B = \$ 500/year
- IEPA Water License Class C = \$ 500/year
- IEPA Water License Class D = None

Wastewater Treatment Technician (Salary Range 4) – The maximum stipend shall be \$ 1,000/year.

- IEPA Wastewater License Group 1 = \$ 250/year
- IEPA Wastewater License Group 2 = \$ 250/year
- IEPA Wastewater License Group 3 = \$ 250/year
- IEPA Wastewater License Group 4 = \$ 250/year

An employee of the Gas Distribution Department who becomes a certified gas pipeline welder may receive \$ 2,500/year. Said increase is at the discretion of the Director of Public Works and the Superintendent of the Gas Department.

On-Call Pay: While “on-call”, employees of the Public Works Department shall receive on-call pay as follows:

- Employees of the Street, Wastewater Treatment and the Water Treatment Departments shall receive twenty-five dollars (\$25) per day.
- Employees of the Gas Distribution and Water Distribution Departments shall receive fifty dollars (\$50) per day.

Overtime Pay: Employees shall work forty (40) hours per week, except the Chief of Police, Deputy Chief of Police, Director of Fire and Emergency Medical Services, Director of Public Works, Zoning Enforcing Officer and Administrator. If an employee other than supervisory personnel shall be required to work more than forty hours per week, the employee shall receive one and one-half (1 ½) times their hourly salary (base plus longevity plus incentive pay) for each hour worked in excess of forty (40) hours per week.

(B) Longevity:

Full-time employees hired before January 1, 2008, shall receive longevity pay in the following amounts according to the following schedule:

<u>Required Years of Employment</u>	<u>Longevity Increase Added to Base Salary</u>
3	2% of Base Salary
6	4% of Base Salary
9	6% of Base Salary
12	7% of Base Salary
15	8% of Base Salary
18	9% of Base Salary
21	10% of Base Salary (maximum)

Full-time employees hired on or after January 1, 2008, shall receive longevity pay in the following amounts according to the following schedule:

Required Years of Employment	Longevity Increase Added to Base Salary
5	2% of Base Salary
10	4% of Base Salary
15	6% of Base Salary
17	7% of Base Salary
19	8% of Base Salary
21	9% of Base Salary
23	10% of Base Salary (maximum)

Longevity pay shall be in addition to an employee's base salary. Longevity pay and any increases thereto shall begin on the first pay period following the date that the required years of employment are completed.

- (C) Discretionary Bonuses: The President and Board of Trustees may annually determine whether a cash bonus, in lieu of a pay increase, will be granted. Such determination shall be at the sole discretion of the President and Board of Trustees, and shall be made in January of each year. In the event the President and Board of Trustees determine that it is in the best interest of the Village to grant a cash bonus in lieu of a pay increase, then said bonus will be subject to the following conditions:
1. It shall be a percentage of the base pay in effect for each employee the preceding December.
  2. Said bonus shall be payable on January 15 and July 15 of that year, in such proportions as the President and Board of Trustees determine.
  3. The awarding of a bonus to a particular employee shall be further subject to approval by the employee's supervisor. Said supervisor may disallow the granting of part or all of said bonus.
  4. In the event the employee terminates his or her employment for any reason during the year in which the bonus would have been paid, then the amount of said bonus shall be reduced by prorating it to the percentage of the year worked.
  5. Only full-time employees who have completed one full year of employment prior to January 1 of year for which any discretionary bonuses might be given shall be eligible for a discretionary bonus.
- (D) Sick Leave: To provide continuity of income to the employee in the event of health related issues that prevent the employee from working his or her regularly paid hours. Sick leave is granted only when an employee is incapacitated by illness or injury; when hospitalized or confined for observation following illness or injury; when absent for medical, dental, or optical examination or treatment; or when quarantined following exposure to a contagious disease. Employees who are absent more than two consecutive days for unconfirmed illness may be required by their supervisor to submit a physician's statement. A physician's statement may also be required for absences of less than two consecutive days if the supervisor requests confirmation of the employee's need to be absent.

1. Reporting process: Anticipated absences should be reported to the employee's supervisor (or designated representative) by the start of the work period if not earlier. Employees with unreported absences may be denied pay for work hours missed and be subject to disciplinary action. Employees who take Sick Leave should also notify their supervisor of their ability to work their next scheduled workday. Whenever possible, employees should schedule medical or dental appointments outside of regular work hours. If this is impractical, employees should request permission from their supervisor in advance, and prior to making their appointment, to allow the supervisor time to adjust their work schedule. If treatment allows for advanced scheduling, the employee must make reasonable efforts to provide as much notice as possible.
2. Abuse: Suspected abuse of Sick Leave may lead to disciplinary action. Also, employees who engage in any employment or inconsistent activity while claiming sick leave may be subject to disciplinary action. The Village of Morton also reserves the right to require documentation from the employee to support the use of Sick Leave. Such supporting documentation, however, will not negate the Village of Morton's right to discipline any suspected abuses of Sick Leave.
3. Sick Leave Benefits: Each full-time employee shall be eligible for paid sick leave of twelve (12) duty days per year, earned at the rate of 8.0 hours per month. No sick leave shall be earned during any month in which the employee is absent more than fifty percent (50%) of the work days scheduled, excluding any vacation or personal days used. Employees may use sick leave in increments of ½ hour.

Unused sick leave shall accumulate from calendar year to calendar year up to a maximum of one hundred twenty (120) days.

An employee may be eligible to receive service credit toward retirement under IMRF for any unused sick leave for which the employee does not receive any compensation or payment from the Village. The employee should contact IMRF to determine whether the employee may be eligible to receive service credit for unused sick leave for which the employee will not receive any compensation or payment from the Village.

The term "retirement" as used in this section shall have the definition as set forth in Section 12-3-3(N)-2 of this Manual. Upon an employee's voluntary or involuntary termination of employment with the Village, other than retirement as set forth above in this paragraph, the employee shall not receive any additional compensation for unused days of sick leave.

Employees shall be subject to any other administrative policy concerning sick leave which may be adopted by the Village Board or promulgated by Department Heads.

Although an employee receives paid sick leave benefits under this policy, the employee is nonetheless absent from work when scheduled. The receipt of paid sick leave benefits shall not excuse the absence or preclude its consideration in assessing whether the employee is maintaining an acceptable level of attendance.

- (E) Bereavement Leave: Regular, full-time employees will be allowed up to five (5) working days off with pay in a calendar year to make arrangements for and/or to attend the funeral of a relative (as defined in 12-3-2(l)-4), provided the employee gives as much advance notice as possible to his or her Department Head. The Department Head shall determine the number of days, if any, that will be allowed based on uniform standards.

(F) Holidays: The Village regularly observes the holidays listed below. Where any holiday falls on a Saturday it will normally be observed on the previous Friday. If the holiday falls on Sunday it will normally be observed the following Monday.

Regular, full-time employees shall receive the following holidays off duty with pay:

- New Year's Day
- Good Friday
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day and the Friday following
- Christmas Day and the day before or the day after

If an employee other than supervisory personnel work on a paid holiday, the employee shall receive twice his hourly salary (base plus longevity plus incentive pay) for each hour worked on said holiday.

For purposes of determining the hourly rate to be used in calculating the holiday pay due employees, the following formula shall be used:

$$\text{Hourly Rate} = \frac{\text{Official monthly rate} \times 12}{2080}$$

The Village President may designate an alternate day for the above-listed holidays if the Village President determines that it is in the Village's best interest for an employee to work on one of the holidays. An employee must work or be on approved leave with the Village on the previous and following regular work day for the employee to receive holiday pay. Employees scheduled to work on a holiday who fail to report for work shall not receive any pay for the holiday.

The Village understands and recognizes that other important holidays exist and that an employee may request additional leave to celebrate or observe these other holidays. Accordingly, employees are afforded vacation days (see Section 12-3-3(G) - Vacations), comp time, and personal leave days (see Section 12-3-3(H) - Personal Leave) which may be used for taking leave for these other holidays upon proper notice and scheduling with an employee's supervisor.

(G) Vacations: To provide employees with the opportunity to get away from work for periods of rest and relaxation, the Village provides its regular, full-time employees with vacation benefits.

1. Vacation Benefits Vacation time is earned based upon the following schedule:

Years of Employment	Vacation Time Earned
Less than 1 year	5 days pro-rated
1 year and less than 2 years	5 days
2 years and less than 5 years	10 days
5 years and less than 11 years	15 days
11 years and less than 12 years	16 days
12 years and less than 13 years	17 days
13 years and less than 14 years	18 days
14 years and less than 15 years	19 days
15 years or more	20 days (maximum)

The number of years of employment is determined based on a calendar year. Days earned in the first year of hire (which starts on the date the employee is hired) may be carried over to the next calendar year and shall be used in that year. No other carryover of vacation days is allowed. New employees must complete a minimum of six (6) months of service before taking any vacation time. Employees may utilize vacation time in increments of one (1) hour.

While employees may be able to take vacation any time during the calendar year that it is earned, it is understood that an employee does not actually earn the vacation time until completion of the calendar year. Employees who retire, resign, or are terminated, shall receive pay for any vacation time earned but not taken. If an employee has taken vacation time which has not yet been earned, and then terminates employment, the amount taken in excess of the amount earned shall be deducted from his or her final pay or otherwise paid back by the employee.

If an employee other than supervisory personnel has earned more than five (5) days of vacation, he may, at the discretion of the Department Superintendent and the Director of Public Works, or the Village Administrator, or the Director of Fire and Emergency Medical Services, "sell back" to the Village any vacation time up to a maximum of five (5) days. The employee will be paid for such time at the straight hourly rate. Any request to sell back days shall be made prior to December 15 each year and to the extent granted shall be paid by January 31 of the following year. Any vacation days earned which are not used or sold back are considered lost and cannot be regained or deferred for compensation in any future years.

In the event the Chief of Police, Deputy Chief of Police, Director of Fire and Emergency Medical Services, Zoning Enforcement Officer, Director of Public Works, Village Administrator, Superintendent of Gas Distribution, Superintendent of Streets, Superintendent of Wastewater Treatment, Superintendent of Water Distribution, or Superintendent of Water Treatment has not used all of his vacation prior to December 31 of any year, then such individual shall sell back to the Village of Morton any unused vacation time up to a maximum of five (5) days. The rate of pay shall be determined as follows:

The employee's annual base salary as of December 31 of that year, plus longevity, shall be divided by 2080 to determine an hourly rate. The hourly rate shall be multiplied by 8 hours to determine a daily rate, or a fraction there of for fractional days.

2. Scheduling: The Village has the authority to designate the number of employees within a Department who can be granted a vacation request at any given time. In addition, the Village may designate certain days as unavailable for vacation time. Any such dates will be posted in a designated area. Use of vacation benefits under this policy must be scheduled with the Department Head in advance, and is subject to the operational requirements of the Department. Vacation benefits may not be utilized for periods of less than one-half (1/2) day, or more than ten (10) consecutive duty days (or two (2) calendar weeks) unless authorized by the Department Head.

Employees shall submit a request on the standard form (see Appendix A) for vacation time during the period of November 1 through November 15 of the current year for consideration for time off in the following calendar year. These requests will be granted, in accordance with the operating needs of the employee's department, on the basis of seniority (established by the employee's date of hire or date of full-time employment, whichever is latest). All requests submitted during this time will be responded to on or before November 30. Where an employee has been granted vacation time during a desirable time of the calendar year, such as in relation to holidays, for consecutive years the Department Head can grant the request of a less-senior employee on an alternating year basis.

Where an employee desires to change the dates scheduled for vacation, he or she must provide at least one week's advance notice, and will not be allowed to bump any employee who has already scheduled vacation for that period.

Once a request for vacation time has been approved, it will not be cancelled except for emergencies or disasters unforeseen at the time of approval.

- (H) **Personal (Emergency) Leave:** To insure full-time employees do not suffer a loss of income when personal business requires their absence from work, employees are eligible for personal leave. Personal leave can be taken in increments as small as one (1) hour. The purpose of personal leave is to provide for a continuation of compensation when the employee is legitimately absent to handle personal business, or to assist with family medical needs which cannot otherwise be conducted outside of the employee's normal working hours. Prior approval is required from the employee's department head in advance of the employee's absence. This leave shall not be used to extend a vacation or holiday period and the time must be taken in 1 hour increments.

As of the first day of January of each year, each employee will be credited with personal leave days based upon the following schedule:

Years of Employment	Personal (Emergency) Leave Days
Less than 1 year	0
1 year and less than 2	1
More than 2 years	2 (maximum number)

When personal leave is not used during the calendar year, the unused days shall not accrue or accumulate to the next year. Employees shall not receive any additional compensation for unused days of personal leave, and may not use more than the respective number of days as shown in the table above in any calendar year. Upon an employee's voluntary or involuntary termination of employment with the Village, including retirement, the employee shall not receive any additional compensation for unused days of personal leave.

- (I) **Jury Duty and Witness Leave:** Any employee who must be off work to serve jury duty shall be paid his or her regular wages or salary during the period of jury service. To be eligible, the employee must surrender to the Village Clerk any compensation received for jury duty, except for mileage fees. Any employee off work for jury duty shall report to work when released from jury duty during any period the employee would be scheduled for work.

An employee who is subpoenaed to serve as a witness in a matter related to Village business or the employee's position as a Village employee, in which the employee is not financially interested or is not adverse to the Village, shall be paid his or her regular wages or salary during the time which the employee serves as a witness which conflicts with the employee's working hours. When an employee must attend court as a party or a witness for a personal matter or a matter unrelated to Village business or the employee's position as a Village employee, the employee will be allowed paid time off as either vacation time or personal leave. If the employee does not have any unused vacation time or personal leave, the employee may still be provided paid time off which will reduce the amount of available vacation time or personal leave when it is next accrued.

- (J) **Military Duty Leave:** Any employee who is a member of any military reserve forces and who is ordered by the appropriate authorities to attend a training program or perform other duties shall be granted a leave of absence in accordance with federal and/or state law, upon proper notification to their Department Head. Any employee who is drafted or enlists in the active service of the armed forces of the United States while employed by the Village will be granted a leave of absence in accordance with law upon proper notice of the call to duty. In order to ensure the continuation of any benefits or pay to which the employee may be entitled as required by law, any employee called to active duty should obtain a notice form from the Village's Administrator and return the completed notice form to the Village prior to the employee's departure or deployment. In addition, sworn employees should comply with the requirements of the Fire and Police Commission Act to obtain an approved leave of absence. Employees on leave of absence under this provision shall return to the Village to request a return to employment as soon as they are released from military service.
- (K) **Compensatory Time Off:** Employees, other than Department Heads and Superintendents, shall be entitled to compensatory time, with the following requirements:
1. Compensatory time is earned at a rate of 1.5 hours for every hour worked over 40 hours per week.
  2. The Department Head to whom the employee reports must approve the taking of compensatory time. The time off will be allowed unless it is unduly disruptive to the Department's operation.
  3. Employees are not required to take compensatory time off.
  4. Employees may accumulate a maximum of 24 hours of compensatory time (equivalent to 16 actual hours worked) per fiscal year (May 1 – April 30).
  5. An employee is required to use all compensatory time he or she has accrued by April 30 of the fiscal year it is earned. Any time remaining at April 30 shall be paid out to the employee.

The following provisions shall apply to the following positions: Superintendent of Gas Distribution, Superintendent of Streets, Superintendent of Wastewater Treatment, Superintendent of Water Distribution, and Superintendent of Water Treatment:

1. If the Superintendent is requested by the Director of Public Works to work a shift over 4 hours outside the normal work schedule for the Superintendent, then said Superintendent shall be entitled to be compensated for this time at his or her straight hourly rate, or at the option of the Superintendent, he or she may elect compensatory time.
2. The election shall be made within the pay period for which the shift was worked, and it cannot be changed once it is made.
3. The compensatory time earned must be used by the Superintendent within the calendar year it was earned.
4. No payment will be made if the compensatory time earned is not taken within the calendar year it was earned.

- (L) **Travel Time to Required Events:** Employees of the Village of Morton who are required to attend conferences, meetings, and training sessions outside the Village will be entitled to compensation for their travel time in excess of their regularly scheduled day, less one-half hour which is considered reasonable time for travel. If the event is held over multiple consecutive days, the employee is reimbursed for the time for trip to the location on the first day and for the time for the return trip to Morton on the last day. This will be applicable even if the employee chooses to travel back and forth to the event, rather than staying overnight. If an employee lives in a location other than Morton, they are compensated for the travel time from Morton or their home to the event venue, whichever is less (less the first ½ hour each way). If the distance traveled to or from the main Village office is less than 30 miles, there shall be no compensation for travel time.
- (M) **Creditable Service for Military Service:** Employees of the Village of Morton who are eligible for participation in the Illinois Municipal Retirement Fund may accumulate creditable service, for purposes of determining the amount of any annuity or benefit to which they or their beneficiaries are entitled, for all eligible military service as provided in Section 5/7-139(a) (5-5.1) of the Illinois Pension Code.
- (N) **Group Health Insurance:** To assist its employees and certain specified retirees, the Village sponsors and maintains a medical-hospital group health insurance plan for the benefit of its employees and specified retirees.
1. **Employee Coverage:** For regular, full-time employees, the Village pays the cost of the monthly premium to maintain employee, or employee and dependent coverage (including coverage for the employee's spouse or civil union partner), up to the maximum dollar amount for each type of coverage as established from time to time by resolution of the Village Board. Eligibility to participate in the medical-hospital group health insurance plan and to receive benefits under the plan is controlled by the group insurance policy or plan document issued by or on behalf of the Village. The Village Board retains the authority to change the structure of the group health insurance plan, preferred provider network, third party administrator, group insurer, or the provisions of its group health insurance plan when it finds that action appropriate. In the event of proposed insurance premium increases which would raise the cost of coverage to employees, the Village will consider options to obtain maximum coverage within the monthly premium costs assumed by the Village, in order to reduce the premium requirements being assumed by employees.
  2. **Retired Employees:** Full-time employees retiring from Village service under an approved pension plan may be allowed to continue coverage under the Village's group health insurance plan, subject to the terms of the group health insurance plan. A "retiring employee" or "retired employee" refers to an employee who qualifies for retirement as defined herein. "Retirement" means that an employee has (1) met both the age requirement and the years of service requirement to begin receiving retirement benefits from the Illinois Municipal Retirement Fund or other IRS qualified retirement plan applicable to the particular employee's position with the Village as of the employee's retirement date, and (2) applied for, or is receiving, retirement benefits from the applicable retirement plan. This definition of "retirement" specifically excludes an employee who is a "deferred pensioner" as defined under State law.

The cost of group health insurance to the retiree shall be based upon the Village's cost under the Consolidated Omnibus Budget Reconciliation Act (COBRA).

When at such time the retiree or the retiree's dependent becomes eligible for Medicare, they will be terminated from coverage with the Village.

3. **Leave of Absence/Off Work:** Where the employee is off work by reason of injury or illness and the absence is covered by available benefit time, the Village will continue to pay the Village's portion of the premium as stated above in Section 12-3-3(N)-1 to maintain health insurance coverage for up to one (1) year or the employee's credited continuous service, whichever is less. Where the employee is off work by reason of an approved leave under the Family and Medical Leave Act (as provided in Section 12-3-4(A) of this Manual), the Victim's Economic Security and Safety Act (as provided in Section 12-3-4(C)), or the Family Military Leave Act (as provided in Section 12-3-4(B)), the Village will continue to pay the Village's portion of the premium as stated above in Section 12-3-3(N)-1. An employee absent or off work for any other reason for a period longer than thirty (30) days and who is entitled to maintain coverage under the Village's health insurance plan shall be required to assume the full cost of any premium necessary to maintain employee, or employee and dependent coverage, under the Village's health insurance plan after that thirty (30) day period.
4. **Notice of Termination of Coverage:** When coverage for an employee or other covered person under the Village's group health insurance is being terminated for any reason, the Village shall provide notice of this termination to the employee or covered person (and any dependents if applicable) along with notice of any available continuation rights.
5. **Payment of Premiums:** When employees, retirees, or any other individuals covered by the Village's health insurance plan are spouses or civil union partners, both spouses or civil union partners must enroll or maintain enrollment under the Village' health insurance plan and both shall pay the full premium for individual coverage under the Village's health insurance plan based upon each particular individual's circumstances in order to receive coverage under the Village's health insurance plan. Thus, in the event both spouses or civil union partners are eligible for coverage under the Village's health insurance plan, one spouse or civil union partner cannot be covered as a dependent under family coverage for the Village's health insurance plan – both spouses or civil union partners must be enrolled for individual coverage under the Village's health insurance plan and must pay the appropriate premium to maintain coverage under the Village's health insurance plan. Further, in the event both spouses, or civil union partners, are covered by the Village's health insurance plan, only one spouse or civil union partner can enroll for family coverage under the Village's health insurance plan for coverage for their dependents.

Retired employees, employees on an approved leave of absence, and any other person covered by the Village's health insurance plan who are required to make monthly premium payments to the Village must make a full monthly premium payment on or before the 10th day of the month for which the premium payment is being made. For example, in order to maintain coverage under the Village's health insurance plan for the month of January, the full premium payment must be received by the Village on or before January 10th. If the 10th day falls on a weekend or holiday observed by the Village, the premium payment for that month will be due on the first regular business day after the weekend or holiday. If a premium payment is paid late (after the appropriate payment date set forth herein), a \$20 late fee will be assessed to the premium payment and must be paid with that premium payment. Furthermore, if a full premium payment (including late fees) is over 45 days late or if two successive full monthly payments (including late fees) are late, coverage under the Village's group health insurance plan will be terminated at the end of that particular month when such event occurs. The Village shall send notice by regular mail of such termination of coverage to the covered person at the person's last address provided to the Village prior to the termination date. This Section 12-3-3(N)-5 shall also apply to COBRA payments made under the continuation provisions of the Village's health insurance plan. As a means to simplify this payment process, retirees should contact their respective pension plan sponsor regarding payment of these premiums to the Village directly from their pension checks, which may be made on a tax-deferred basis.

6. Coverage for Spouses or Civil Union Partners of Deceased Employees or Retirees: Except as otherwise provided by the policy or plan document for the Village's group health insurance plan, including any eligibility provisions of the policy or plan document for the health insurance plan, the spouse or civil union partner (and any "covered dependents") of a deceased retired employee may continue to receive coverage under the Village's health insurance plan upon the death of the retired employee under the same terms as the retired employee would have received coverage under the Village's health insurance plan for the period of COBRA eligibility. The spouse or civil union partner of a deceased retired employee or deceased employee shall make the necessary premium payments for continued coverage under the Village's health insurance plan as required under the provisions of Section 12-3-3(N)-5.
7. HIPAA Privacy Notice: Pursuant to the federal Health Insurance Portability and Accountability Act and the related regulations, the Village, as the sponsor of a group health insurance plan, shall provide notice to each employee and retiree covered by the group health insurance plan regarding the privacy of their protected health information. The HIPAA privacy notice related to the Village's group health insurance plan is set forth in the policy or plan document for the Village's group health insurance plan and may also be provided in part by additional documentation issued in relation to the Village's group health insurance plan. Every employee and retiree covered by the Village's group health insurance plan should carefully review these notices in order to fully understand their privacy rights regarding the handling and storing of this type of information. Also, an additional copy of the HIPAA privacy notice or notices can be obtained from the Village Administrator who is located at the main Village office.

- (O) Deferred Compensation Plan: To enhance benefits available to Village employees upon their retirement from Village services, the Village may offer a deferred compensation plan qualified under §457 of the Internal Revenue Code for employee participation. The deferred compensation plan would be established for the exclusive benefit of the employee or the employee's beneficiaries and not subject to any claims by the Village. Participation in the deferred compensation plan is voluntary and at the employee's option. The deferred compensation plan allows an employee to defer future salary income and invest the deferred funds in a variety of investment types through the managing firm.

A deferred compensation plan, if established, would be governed by an ordinance of the Village Board. The Village Board would retain the authority to amend the deferred compensation plan, change the list of accepted life insurance or annuity companies, or terminate the deferred compensation plan when it finds such action appropriate. However, such action by the Village Board would not jeopardize an employee's right to receive funds invested by the employee in an annuity contract.

- (P) Illinois Municipal Retirement Fund

1. Retirement Benefits: The Village shall provide each Village employee, who qualifies for participation, the opportunity to participate in the retirement program established by the Illinois Municipal Retirement Fund (IMRF), unless the employee is covered by another retirement program created by the State of Illinois for specific job classifications. Payments made into IMRF are made by both the employee and the Village. The employee and the Village will be responsible for making payments into IMRF as set forth by the statutory provisions of IMRF (40 ILCS 5/7-101, et seq.).
2. Unused Sick Leave / Service Credit: An employee may be eligible to receive service credit toward retirement under IMRF for any unused sick leave for which the employee does not receive any compensation or payment from the Village. The employee should contact the employee's IMRF representative to determine whether the employee may be eligible to receive service credit from IMRF for unused sick leave.

3. **Maternity Disability Benefits:** An employee may be eligible to receive disability benefits from IMRF for a period of physical disability related to pregnancy or childbirth for a maximum period of six or eight weeks depending on the circumstances. The employee should contact the employee's IMRF representative to determine if she may be eligible for this benefit.
4. **Eligibility for Disability Benefits:** An employee is not eligible to receive disability benefits from IMRF until the employee has exhausted all available paid leave with the Village, including vacation leave, sick leave, and personal leave.
5. **Voluntary Additional Contributions:** An employee who participates in IMRF is entitled to voluntarily contribute additional funds to their account. The employee can contribute up to 10% of their annual salary. This amount is credited to the employee's individual account, and upon retirement the employee may choose to take a lump sum payment of that amount or increase their monthly pension benefit. The contributions are made on an after-tax basis. The amount contributed earns an annual interest payment, based upon the balance on January 1 of the previous year, and the interest is paid on December 31 of that year.

(Q) **Supplemental Insurance:** The Village may provide a program of supplemental insurance packages provided by a designated insurer. The participation in a supplemental program is voluntary, with the employee choosing the benefits, if any. The cost of the insurance will be entirely paid by the employee, and the Village will not pay any of the cost. The employee may be able to pay for some of these supplemental insurance programs by payroll deduction with pre-tax income pursuant to the Village's §125 Cafeteria Plan (see Section 12-3-3(R)).

The program offers supplemental insurance coverage which would provide benefits for accident expenses, cancer expenses, hospital confinement, and intensive care confinement, sickness expenses, short-term disability, dental expenses, and long-term care. The program also provides additional cash benefits to help offset medical expenses, lost earning power, and out-of-pocket expenses. Benefits are paid directly to the employee, unless the employee directs otherwise. Also, benefits are portable; thus if an employee leaves employment with the Village for any reason, the employee may continue benefits at prior rates by dealing directly with the insurer. For further information, an employee should contact the Village Administrator.

(R) **§125 Cafeteria Plan:** The Village may establish a cafeteria plan pursuant to §125 of the Internal Revenue Code. The cafeteria plan is a way in which take-home pay may be increased for the participating employee by reducing the amount of tax paid to the federal and state governments. An employee can choose to have employer-sponsored medical insurance premiums, eligible medical expenses (those not reimbursed under a medical plan which would include the Village's Group Health Insurance plan), dependent care expenses, and supplemental insurance premiums (see Section 12-3-3(Q)) deducted from the employee's paycheck before taxes are deducted from the employee's gross pay amount. This reduces the employee's actual taxable income by the amount of the total deduction. An employee's gross pay remains the same, but the amount withheld for taxes is reduced by the amount the employee elects to contribute (within established limits) to the cafeteria plan flexible spending account. The funds contributed to the cafeteria plan flexible spending account are then used by the employee to pay the employee's employer-sponsored medical insurance premiums, eligible medical expenses, dependent care expenses, and supplemental insurance premiums. For further information, an employee should contact the Village's Administrator.

(S) Education Assistance Policy: Regular, full-time employees who wish to pursue educational courses may receive financial assistance from the Village. The Village will reimburse the following:

1. 100% of the cost of tuition and required textbooks for a maximum of two courses per school term (i.e. semester, trimester, quarter), with the following limits –
  - (a) Tuition for freshman and sophomore (100 or 200 level) courses will be reimbursed at the semester hour rate which is in effect at Illinois Central College.
  - (b) Tuition for junior and senior (300 or 400 level) courses will be reimbursed at the semester hourly rate which is in effect at Illinois State University.
2. Laboratory fees and other fees and charges are not reimbursable.

Employees seeking reimbursement under the policy shall be required to apply for financial assistance, with any reimbursement by the Village based on the net tuition cost after financial assistance.

In order to be eligible for reimbursement the courses must be:

1. Offered by an accredited college or university;
2. Directly related to the employee's current position or other positions to which the employee might reasonably be promoted to transferred; and
3. For the purpose of:
  - (a) Directly improving the knowledge, skills, abilities, or job performance of the employee;
  - (b) Preparing the employee for technological or other changes occurring in the employee's career field; or
  - (c) Preparing the employee for a change in duties, functions, or responsibilities, or for the assumption of new and different duties, functions, or responsibilities.
4. Successfully completed with a grade report reflecting a grade of "C" or better, validated by receipts for the tuition and textbooks.
5. Claims must be submitted within 60 calendar days of course completion.

Master's level courses and degree programs may be reimbursed with the approval of the Board of Trustees. No doctoral or post-doctoral course or degree program will be approved as no position within the Village requires such a degree.

Employees who desire to receive reimbursement for education under this policy shall request approval from their Department Head or supervisor prior to enrollment. Employees shall take the courses on their own time. If a course is only offered during the employee's normal working hours, the Department Head may allow time during working hours for class attendance. This allowance is at the sole discretion of the Department Head and under no circumstances shall an employee be paid for time spent attending classes. Upon successful completion of an approved course or courses, the employee shall submit to the Department Head a grade report reflecting a grade of "C" or better and receipts for tuition and textbooks in order to receive reimbursement. All claims for reimbursement must be submitted within sixty (60) calendar days of course completion. Reimbursement shall be for a maximum of two (2) courses per school term (i.e., semester, trimester, quarter).

An agreement must be signed by the employee stating their intention to remain employed by the Village for two (2) years following the date of such reimbursement. In the event an employee ceases employment with the Village before the two year period has lapsed, the employee will reimburse the Village 100% of the amount previously paid by the Village, and the agreement signed by the employee must state this understanding by the employee. This reimbursement will be made from the final paycheck of the employee. Employees who wish to receive financial assistance from the Village pursuant to this policy shall authorize the Village, in writing, to withhold from his/her final paycheck any or all amounts required to reimburse the Village as provided above.

The benefit does not include expenses for attending seminars, workshops, or short courses or for education courses required by an employee's Department Head or supervisor, which are covered under each department's training and travel budget.

By issuing this policy, the Village is not creating any employment contract right in favor of its employees, and its employees are, and continue to be, at-will employees.

- (T) Civic and Professional Association Dues: The Village recognizes that the membership to civic and professional organizations which relate to the position responsibilities of its leadership staff is beneficial to the employee and the Village. Therefore, the following positions may submit, for approval by the Village President, a request for payment of the organization's dues. This payment will be available for the following positions: Village Administrator, Director of Public Works, Chief of Police, Director of Fire and Emergency Services and Village Clerk.

12-3-4: **EMPLOYMENT CONDITIONS AND ADMINISTRATIVE DETAILS:**

- (A) Leaves of Absence (Family and Medical Leave Act): To provide employees with some flexibility to deal with family crisis situations, the Village allows for family and medical leave. In addition to providing family or medical leave pursuant to the Family and Medical Leave Act ("FMLA"), a leave of absence may be extended for up to a twelve (12) month period for an employee who incurs an extended injury or illness. Furthermore, in specific circumstances, an employee may be eligible to take a leave of absence pursuant to the Victims' Economic Security and Safety Act ("VESSA"), see Section 12-3-4(C); or the Illinois Family Military Leave Act ("Military FMLA"), see Section 12-3-4(B). However, as explained in Section 12-3-4(C), a leave of absence taken under VESSA may run concurrent with an employee's right to take leave pursuant to FMLA, and may thereby exhaust the amount of leave available under FMLA. Nonetheless, regular full and part-time employees are hired with the expectation that they will be available to perform their scheduled duties on a regular basis, and will utilize their vacation and authorized leave to cover periods they must be away from work for personal reasons. Leaves of absence for personal reasons, except as permitted pursuant to FMLA as set forth below and pursuant to VESSA as set forth in Section 12-3-4(C), or Military FMLA as set forth in 12-3-4(B), will not be permitted or authorized, except where the employee is unable to perform as a result of injury or illness for an extended period.

1. General Provisions: A family or medical leave of absence shall be defined as an "approved absence available to eligible employees for up to twelve (12) weeks of unpaid leave per twelve (12) month period under particular circumstances as enumerated [herein]." The period of leave is extended to twenty-six (26) weeks per twelve (12) month period to care for a covered service member as provided in (6) listed below. For establishing the twelve (12) month period in which family or medical leave may be taken, the Village uses a "rolling" twelve (12) month period measured backward from the date when an employee uses any family or medical leave. Leave may be taken:
  - (a) Upon the birth of the employee's child and to care for the newborn child;
  - (b) Upon the placement of a child with the employee for adoption or foster care;

- (c) When the employee is needed to care for a child, spouse, or parent (but not parent-in-law) who has a serious health condition; or
- (d) When the employee is unable to perform the functions of his or her position because of a serious health condition or because of incapacity due to pregnancy, prenatal medical care, or child birth.

"Serious health condition" shall be defined as (i) an illness, injury, impairment or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical care facility, or (ii) continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities. Subject to certain conditions, the continuing treatment requirement may be met by any period of incapacity of more than three (3) calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment by a health care provider. The continuing treatment requirement may also be met by incapacity due to pregnancy or incapacity due to a chronic condition. Furthermore, other conditions may meet the definition of continuing treatment.

- (e) When a qualifying exigency arises from the fact that an employee's spouse, son, daughter, or parent is a covered military member on active duty or has been notified of an impending call or order to active duty in support of a contingency operation. Qualifying exigency includes dealing with issues related to a short-notice deployment, attendance at official military ceremonies, arranging for childcare and schooling, arranging financial and legal affairs, counseling related to the call to active duty, spending time with service member while on short-term R&R, and attendance at post-deployment activities.
  - (f) When the employee is needed for the care of a covered service member with a serious injury or illness who is the employee's spouse, son, daughter, parent, or next of kin.
2. Scope: The provisions of this policy shall apply to all family and medical leaves of absence except to the extent that the employee is entitled to paid leave for any part of the twelve (12) weeks of leave (or 26 weeks of leave when applicable) to which an employee may be entitled under this policy. If an employee is entitled to paid leave under another section of this manual, the employee must take that paid leave first. If the paid leave available to the employee is for a period of less than twelve (12) weeks (or 26 weeks of leave when applicable), the employee shall be entitled to the additional days required to achieve a total of twelve (12) weeks of leave (or 26 weeks of leave when applicable), but such additional days shall be provided without compensation.
  3. Eligible Employees: An eligible employee is an employee who has been employed by the Village for a total of at least twelve (12) months and for at least 1,250 hours of service during the immediately preceding twelve month period. Spouses or civil partners who are both employed by the Village are entitled to a combined total of twelve (12) weeks of leave for the birth or adoption of a child or for the care of a sick parent.
  4. Employee's Notification and Reporting Requirements: When the leave requested is foreseeable, such as the expected birth or placement of a child for adoption, planned medical treatment, or order or call to military duty, the employee shall provide reasonable notice to the Village of the employee's intention to take leave by use of the FMLA Leave Application form. The employee shall make a reasonable effort to schedule medical treatment so as not to unduly disrupt the Village business. In case of illness, the employee shall report periodically on his or her leave status and intention to return to work.

## 5. Status of Employee Benefits During Leave of Absence

- (a) The Village will continue to pay its established portion of the premiums required to maintain health insurance coverage during any authorized family or medical leave for the employee and, if applicable, the employee's dependents.
- (b) Employees on authorized family or medical leave of absence shall not continue to accrue or be eligible for any benefits other than health insurance coverage during the continuance of the family or medical leave of absence. When the employee returns to work after an authorized family or medical leave, the employee shall be restored to the same position or an equivalent position with equivalent benefits, pay and conditions of employment as when the employee commenced the authorized leave. The Village may deny such restoration if the employee is a salaried eligible employee who is among the highest paid 10% of Village employees.
- (c) The Village may recover the premium paid for maintaining coverage for the employee and the employee's dependents under its group health insurance program during any period of unpaid leave if the employee fails to return from the authorized leave after the period of leave to which the employee was entitled has expired, unless the failure to return to work was for reasons beyond the employee's control.

## 6. Procedures

- (a) The employee must complete a FMLA Leave Application form as provided by the Village. This form must be completed in detail, signed by the employee, and submitted to the employee's immediate supervisor for proper approvals. The Village may require medical certification to support a claim for leave for an employee's own serious health condition or to care for a seriously ill child, spouse, or parent. If possible, the employee should submit the form thirty (30) days in advance of the effective date of the leave. The Village may also require certification of a family member's order or call to active duty or regarding the serious injury or illness of family member who is a service member. The Village will provide a response to the employee's FMLA request by use of the FMLA Leave Response form.
- (b) If medically necessary for a serious health condition of the employee or of the employee's spouse, child, or parent, leave may be taken on an intermittent or reduced leave schedule. If leave is requested on this basis, the Village may require the employee to transfer temporarily to an available alternative position offered by the employer which (i) has equivalent pay and benefits and (ii) better accommodates recurring periods of leave or a part time schedule.

## 7. Certification

- (a) All requests for family and medical leaves of absence due to illness must include sufficient medical certifications stating that:
  - (1) The date on which the serious health condition began;
  - (2) The probable duration of the condition; and
  - (3) The appropriate medical facts within the knowledge of the health care provider regarding the condition.

- (b) If the family and medical leave is requested for one of the following reasons, the employee must provide additional information:
    - (1) If the leave is to care for a child, spouse, or parents, the certificate should state that the employee is needed to provide such care and estimate the amount of time the employee is needed to provide such care.
    - (2) If the leave is requested because of a serious health condition of the employee, the certificate must state that the employee is unable to perform the functions of the position of the employee.
    - (3) If the request is one for intermittent leave or a leave on a reduced level scheduled for planned medical treatment, the certificate must also state the dates on which such treatment is expected to be given and the duration of the treatment.
  - (c) In its discretion, the Village may require a second medical opinion and periodic recertification at its own expense. If the first and second opinions differ, the Village, at its own expense, may require the opinion of a third health care provider, approved jointly by the Village and the employee. This third opinion shall be considered final and binding on the Village and the employee.
8. Extension of Medical Leave for Employee Injury or Illness
- (a) Whenever any employee anticipates, or is actually absent from work for a period of more than twelve (12) weeks because of any injury or illness to the employee, the employee shall be required to submit a written report seeking an extension of the above-described family or medical leave of absence from his Department Head. The report seeking a leave of absence shall be submitted as soon as the employee has reason to believe his or her absence may extend beyond twelve (12) weeks, and must be accompanied by a written report by a physician explaining the reason(s) for the absence, a prognosis for the employee's recovery, and an anticipated date when the employee may be expected to return to duty. The Department Head may grant the employee a leave of absence for the period required for the employee's recuperation, up to six (6) months. Any employee off on medical leave of absence who requires the leave period be extended beyond the period established shall submit a written extension request, which shall be accompanied by medical documentation explaining the need for the additional extended leave period, and fixing the date anticipated for the employee's return to duty. Extension requests may be authorized by the Department Head; provided, however, that no leave of absence may extend or be extended beyond twelve (12) months from the date of the employee's initial absence.
  - (b) Any employee who fails to return to duty upon the expiration of any extended medical leave of absence granted pursuant to this policy shall be deemed to have terminated the employment relationship and will be removed from the roster of current Village employees. Employees off work on an authorized leave of absence, including a family or medical leave of absence, shall not engage in any other employment or for-profit activity, or any other activity inconsistent with their efforts to recuperate from illness or injury, and shall comply with any and all medical recommendations or prescribed courses of treatment or rehabilitation to hasten their recovery to the maximum extent possible. An employee's failure to comply with this prohibition may result in an employee being disciplined or terminated by the Village. Further, any employee who is off work due to any illness or injury of any nature for a period exceeding twelve (12) months shall be terminated, without prejudice to the right to reapply for employment once the individual has recovered from such illness or injury and is capable of resuming his or her duties.

(c) The Village will continue to pay its established portion of the premiums required to maintain employee, or employee and dependent, health insurance coverage during any authorized medical leave of absence for illness or injury for up to twelve (12) months, or the employee's credited continuous service, whichever is less. Employees off on authorized medical leave of absence shall not continue to accrue, nor be eligible for any benefits other than health insurance coverage during the continuance of the medical leave of absence, except for benefits provided under these policies for which the employee was eligible immediately prior to the commencement of such leave of absence. Before any employee off work on a leave of absence is allowed to return to duty, the employee shall furnish a medical release, authorizing the employee's return to the employee's job. Upon release for full duty, the Village will attempt to restore the employee to his or her former position or a similar position, subject to the Village's needs and current operating requirements, and the availability of an open position for which the employee is qualified.

9. Maternity Leave: An employee's rights to maternity leave are governed by FMLA and this Section 12-3-4(A) as a family or medical leave of absence. If an employee is requesting leave to care for a newborn child or adopted child, such childcare leave must be taken within the first twelve (12) months after the birth or adoption of the child.

(B) Leave Under Family Military Leave Act: As a means to assist families of military personnel, the Illinois Family Military Leave Act ("Military FMLA") provides employees who have family members in the military with some additional flexibility to deal with matters related to their family member being in the military. In addition to the leave provisions provided by Military FMLA, an employee may be eligible for leave as provided under Section 12-3-4(A).

1. General Provisions: An eligible employee, who has a spouse, civil union partner, son, daughter, parent, or grandchild called to military service lasting longer than 30 days with the State of Illinois or the United States pursuant to the orders of the Governor or the President of the United States, shall be granted leave consistent with the provisions of this Section 12-3-4(B). Within the guidelines set forth in this Section 12-3-4(B), an eligible employee may take up to 30 days of unpaid leave as Military FMLA leave during the time when State or Federal deployment are in effect for the employee's spouse, civil union partner, son, daughter, parent, or grandchild.
2. Scope: All Military FMLA leave is an unpaid leave of absence. An employee must exhaust all accrued vacation and personal leave and any compensatory leave before the employee shall be entitled to Military FMLA leave under this Section 12-3-4(B).
3. Eligible Employees: An employee eligible to take Military FMLA leave is any Village employee who has been employed by the Village for a total of at least twelve (12) months and for at least 1,250 hours of service during the twelve-month period immediately preceding the beginning of the Military FMLA leave.
4. Employee's Notification and Reporting Requirements: An employee intending to take five (5) or more consecutive days of Military FMLA leave shall provide notice to the Village at least 14 days in advance of the effective date of the leave, unless providing such notice is not practicable. If the employee is taking less than five (5) consecutive days of Military FMLA leave, the employee shall provide notice to the Village at least 48 hours in advance of the effective date of leave whenever possible. If providing advance notice is not practicable, the employee shall provide notice within a reasonable period after the absence for which Military FMLA leave is being requested, which shall typically be within 24 hours after the absence is taken. While due to unforeseen circumstances the initial notice may be made by phone call to the employee's supervisor or the Village's Human Resources Coordinator, the employee shall provide written notice to the Village of the employee's intention to take Military FMLA leave by use of the Military FMLA Leave Application form.

5. Status of Employee Benefits During Leave of Absence:
    - (a) The Village will continue to pay its established portion of the premiums required to maintain health insurance coverage during any authorized Military FMLA leave period for the employee and, if applicable, the employee's dependents.
    - (b) Employees on authorized Military FMLA leave shall not continue to accrue or be eligible for any benefits other than health insurance coverage during the continuance of the Military FMLA leave of absence. However, employees on authorized Military FMLA leave shall not lose any benefits accrued prior the commencement of authorized Military FMLA leave. When the employee returns to work after authorized Military FMLA leave, the employee shall be restored to the same position or an equivalent position with equivalent benefits, pay, and conditions of employment as when the employee commenced the authorized leave.
    - (c) The Village may recover the premium paid for maintaining coverage for the employee and the employee's dependents under its group health insurance program during any period of Military FMLA leave if the employee fails to return from the authorized leave after the period of leave to which the employee was entitled has expired.
  6. Procedures: The employee shall complete a Military FMLA Leave Application form as provided by the Village. This form must be completed, signed by the employee, and submitted to the employee's immediate supervisor for proper approvals. The Village may require certification as set forth below to support a claim for Military FMLA leave. If the employee is seeking five (5) or more consecutive days of Military FMLA leave, the employee should submit the form at least 14 days in advance of the effective date of the leave. If the employee is taking less than five (5) consecutive days of Military FMLA leave, the employee should submit the form at least 48 hours in advance of the effective date of leave whenever possible. The Village will provide a response to the employee's Military FMLA leave request by use of the Military FMLA Leave Response form.
  7. Certification: All requests for Military FMLA leaves of absence shall include a certification from the employee stating that the employee's spouse, civil union partner, son, daughter, parent, or grandchild is a person called to military service lasting longer than 30 days with the State of Illinois or the United States pursuant to the orders of the Governor or the President of the United States. This certification shall include a sworn statement from the employee and other supporting documentation from the proper military authority verifying the employee's request for Military FMLA leave.
  8. Interaction with Other Unpaid Leave Provisions: When both Military FMLA and another unpaid leave provision of this Manual or any other Village policy apply to an employee's circumstances, the employee's right to take unpaid leave established under Military FMLA shall run concurrent with such other unpaid leave provision of this Manual or any other Village policy.
- (C) Leave Under Victims' Economic Security and Safety Act: As a means to assist victims of domestic or sexual violence, the Victims' Economic Security and Safety Act ("VESSA") provides employees with some flexibility to deal with crisis situations related to domestic or sexual violence. In addition to the leave provisions provided by VESSA, an employee may be eligible for leave as provided under Section 12-3-4(A). However, as described below, when both VESSA and FMLA ("Family and Medical Leave Act"; see Section 12-3-4(A)) apply, any leave granted by the Village pursuant to VESSA may run concurrently with, and not in addition to, an employee's right to take leave pursuant to FMLA.

1. General Provisions: An eligible employee who is a victim of domestic or sexual violence, or an eligible employee who has a family or household member who is a victim of domestic or sexual violence whose interests are not adverse to the employee in relation to the domestic or sexual violence, shall be granted leave to address personal matters or issues related to domestic or sexual violence. The eligible employee may take up to twelve (12) weeks of unpaid leave per twelve (12) month period to address personal matters or issues related to domestic or sexual violence as described herein. For establishing the twelve (12) month period in which VESSA leave may be taken, the Village will use a "rolling" twelve (12) month period measured backward from the date when an employee uses any VESSA leave. An eligible employee may take VESSA leave to:
  - (a) Seek medical attention for, or recover from, physical or psychological injuries caused by domestic or sexual violence to the employee or the employee's family or household member;
  - (b) Obtain services from a victim services organization for the employee or the employee's family or household member;
  - (c) Obtain psychological or other counseling for the employee or the employee's family or household member
  - (d) Participate in safety planning, temporarily or permanently relocate, or take other actions to increase the safety of the employee or the employee's family or household member from future domestic or sexual violence or ensure economic security; or
  - (e) Seek legal assistance or remedies to ensure the health and safety of the employee or the employee's family or household member, including preparing for or participating in any civil or criminal legal proceeding related to or derived from domestic or sexual violence.

Solely within the context of VESSA leave as governed by this Section 12-3-4(C), the following terms shall have the following specific meanings. The term "family or household member" shall mean a spouse, civil union partner, parent, son, and daughter, and persons jointly residing in the same household whose interests are not adverse to the employee as it relates to the domestic or sexual violence. The term "parent" means the biological parent of an employee or an individual who stood in loco parentis to an employee when the employee was a son or daughter. "Son or daughter" means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is under 18 years of age, or is 18 years of age or older and incapable of self-care because of a mental or physical disability.

2. Scope: The provisions of this policy shall apply to all VESSA leaves of absence except to the extent that the employee elects to use paid leave for any part of the twelve (12) weeks of VESSA leave to which an employee may be entitled under this policy. If an employee is entitled to paid leave under another section of this manual, including vacation, sick, or personal leave, the employee may substitute that paid leave for VESSA leave. If the paid leave taken by the employee or available to the employee is for a period of less than twelve (12) weeks, the employee shall be entitled to the additional days required to achieve a total of twelve (12) weeks of leave, but such additional days shall be provided without compensation.
3. Eligible Employees: An employee eligible to take VESSA leave is any Village employee who is employed by the Village on a full-time or part-time basis, or an individual who performs work for the Village as a participant in a work assignment program for receiving federal or state income-based public assistance.

4. **Employee's Notification and Reporting Requirements:** An employee shall provide at least 48-hours advance notice to the Village of the employee's intention to take VESSA leave, unless providing such notice is not practicable. If providing advance notice is not practicable, the employee shall provide notice within a reasonable period after the absence for which VESSA leave is being requested, which shall typically be within 24 hours after the absence is taken. While due to unforeseen circumstances the initial notice may be made by phone call to the employee's supervisor or the Village's Human Resources Coordinator, the employee shall provide written notice to the Village of the employee's intention to take VESSA leave by use of the VESSA Leave Application form.
5. **Status of Employee Benefits During Leave of Absence**
  - (a) The Village will continue to pay its established portion of the premiums required to maintain health insurance coverage during any authorized VESSA leave period for the employee and, if applicable, the employee's dependents.
  - (b) Employees on authorized VESSA leave shall not continue to accrue or be eligible for any benefits other than health insurance coverage during the continuance of the VESSA leave of absence. However, employees on authorized VESSA leave shall not lose any benefits accrued prior the commencement of authorized VESSA leave. When the employee returns to work after authorized VESSA leave, the employee shall be restored to the same position or an equivalent position with equivalent benefits, pay, and conditions of employment as when the employee commenced the authorized leave.
  - (c) The Village may recover the premium paid for maintaining coverage for the employee and the employee's dependents under its group health insurance program during any period of VESSA leave if the employee fails to return from the authorized leave after the period of leave to which the employee was entitled has expired, unless the failure to return to work is for reasons related to the continuation, recurrence, or onset of domestic or sexual violence that would otherwise entitle the employee to VESSA leave or for other circumstances or reasons beyond the employee's control.
6. **Procedures:**
  - (a) The employee shall complete VESSA Leave Application form as provided by the Village. This form must be completed, signed by the employee, and submitted to the employee's immediate supervisor for proper approvals. The Village may require certification as set forth below to support a claim for VESSA leave. If possible, the employee should submit the form at least 48 hours in advance of the effective date of the leave. The Village will provide a response to the employee's VESSA leave request by use of the VESSA Leave Response form.
  - (b) VESSA leave may be taken on an intermittent or reduced leave schedule. If leave is requested on this basis, the Village may request that the employee transfer temporarily to an available alternative position offered by the employer which (i) has equivalent pay and benefits and (ii) better accommodates recurring periods of leave or a part-time schedule.
7. **Certification:** All requests for VESSA leaves of absence shall include a certification from the employee stating that (i) the employee or the employee's family or household member is a victim of domestic or sexual violence; and (iii) the requested leave is for one of the stated purposes set forth in part (a). This certification shall include a sworn statement from the employee and other supporting documentation, such as a police report, other corroborating evidence, or documents from the agency or professional providing assistance to the employee or the employee's family or household member in relation to the domestic or sexual violence.

8. Confidentiality: The Village shall maintain any information provided by an employee pursuant to this Section 12-3-4(C) in strict confidence, including the fact that an employee has requested or obtained VESSA leave pursuant to this Section 12-3-4(C). The Village may release such information only if requested or consented to in writing by the employee or as otherwise required by applicable federal or state law.
9. Interaction with FMLA Leave: When both VESSA and FMLA apply to an employee's circumstances, the right to take unpaid leave established under VESSA does not otherwise exceed or supplement FMLA leave (see Section 12-3-4(A)). For example, a medical condition resulting from domestic or sexual violence may be addressed by both VESSA and FMLA.

Thus, when both VESSA and FMLA apply, VESSA does not create a right to leave in addition to FMLA leave. In such circumstances, when both VESSA and FMLA apply, any period of leave granted under VESSA shall also constitute equivalent leave granted under FMLA, and such VESSA leave shall run concurrently with the employee's FMLA leave. However, when an employee's circumstances or request involve matters not otherwise covered by FMLA, authorized VESSA leave will be granted in addition to leave available under FMLA.

10. Extension of Leave for Domestic or Sexual Violence: Whenever any employee anticipates, or is actually absent from work for a period of more than twelve (12) weeks because the employee or the employee's family or household member is a victim of domestic or sexual violence, the employee may be eligible for an extension of the leave of absence under the provisions of Section 12-3-4(A). The request seeking the extended leave of absence shall be submitted and reviewed under the guidelines and procedures set forth in Section 12-3-4(A), as modified in order to address the specific provisions of VESSA leave.
11. Reasonable Accommodation: An employee eligible to take VESSA leave may also be entitled to reasonable accommodations in regards to the employee's working conditions as a means to address known limitations that have resulted from circumstances related to the employee or the employee's family or household member being a victim of domestic or sexual violence. A reasonable accommodation may include an adjustment to the employee's job structure, workplace facility, or work requirement, such as a transfer, reassignment, or modified work schedule, leave, a changed phone number or seating assignment, installation of a lock, or implementation of a safety procedure in response to actual or threatened domestic or sexual violence. An employee seeking such accommodation should contact the employee's immediate supervisor or department head.

- (D) Policy on Violence (and Domestic Violence) in the Workplace: It is the policy of the Village of Morton to provide a safe and secure work environment for its employees. With the exception of employees whose job it is to maintain peace and order or enforce the law and who are engaged in the performance of these job-related duties, no form of violence, by words or acts, will be tolerated in the workplace. As in all Village policies, this provision can be superseded by State statute or case law. Workplace violence is considered any violence, by words or acts, committed by a Village employee or any other person, which occurs on or about Village premises or Village vehicles, or affects the functioning of a Village employee while the employee performs his or her job. The Village's policy on the possession of firearms is contained in Section 12-3-4(X).

Employees who experience, witness workplace violence, who believe that they may experience, or witness workplace violence because of a threat or other circumstance, (including a threat of domestic violence) should immediately report it to the employee's supervisor or the Village's Police Department as the situation warrants. If the situation involves a threat of violence from another Village employee, the employee should also use the Village's harassment complaint form to properly document the allegations. Retaliation against any employee for making a complaint or report or for providing information in an investigation under this section is prohibited and will be grounds for disciplinary action.

- (E) Confidentiality: Village employees are often tasked with holding, handling, reviewing, and storing confidential information. Employees who do work with confidential information or who otherwise acquire confidential information (directly or indirectly) by virtue of their employment with the Village – during the continuance of the employee's position with the Village and thereafter – must not divulge, disclose, share, or communicate such confidential information with any other person, except as required by law, legal process, or court order. This limitation on divulging, disclosing, sharing, or communicating confidential information includes divulging, disclosing, sharing, or communicating confidential information with other Village employees or Village Officials, except on a need to know basis.

Confidential information includes, but is not limited to, personnel information, information related to personnel matters, personal information from the Village's health plan or other employee benefit plans, certain private or personal information related to customer accounts or patient records, certain information related to Village business plans, Village business practices, and Village financial matters, certain operational and logistical policies of the Village's public safety departments, the Village's safety and security policies for Village property, computer systems, phone systems, and electronic devices, and any other information exempt from disclosure under Section 7 of the Illinois Freedom of Information Act (5 ILCS 140/7).

Employees shall take the necessary steps to ensure the security of confidential information, including storing confidential information in locked file cabinets or storage areas and password protecting computer access to electronic files. Employees may be subject to discipline, including termination, for violations of this policy. No disciplinary action will be taken against an employee for not sharing confidential information with other Village employees, including the employee's supervisor or with Village Officials, if the employee reasonably believes such disclosure violates the employee's obligations to protect and otherwise limit access to the confidential information. However, the employee shall cooperate with and otherwise provide such confidential information to the Village Attorney or Assistant Village Attorney when so requested in relation to Village business.

- (F) Maintenance/Access to Personnel Records: To promote efficiency within the administrative operations of the Village, the Village's Department Heads and supervisors maintain personnel records on each employee which include, among other items, the employee's application for employment, performance evaluations, disciplinary history, attendance records, and records of licenses or permits, educational attainment, commendations, and achievement. The personnel records of individual employees shall be treated confidentially, and shall not be released to third parties except in accordance with Village policy or State or federal law.

Except for the fact of, and the dates of employment, the position(s) held, and the wages or salary paid to any employee or former employee while employed, Village Department Heads, supervisors, and other employees shall not release or disclose any information or records concerning any present or former employee of the Village to any person or entity not affiliated with the Village, including background information concerning a former employee requested by a current or prospective employer, unless the employee or former employee elects to authorize the release of such information, by executing an Authorization And Release on the appropriate form designated by the Village, and delivers the executed Authorization And Release to the Department Head or the Village's Human Resources Coordinator for inclusion within the individual's personnel file. This policy shall not apply to the disclosure or release of information pursuant to any valid order or subpoena in any legal proceedings, or pursuant to State or federal law, or use of information by the Village in any proceeding or dispute in which it is involved, or for its own purposes.

In accordance with state law, employees may request to review personnel documents not exempt from disclosure within their personnel records, and may submit a written statement for attachment to any record which the employee disputes in order to state the employee's position on the matter covered. Employee requests for review of their personnel records should be submitted in writing to their Department Head, or to the Village's Human Resources Coordinator, on forms provided for that purpose. No personnel records may be removed, or altered during any inspection. Except to the extent permitted by law, employees shall not have access to the personnel records of co-workers except where necessary to the performance of their duties as employees of the Village.

- (G) **Employee Identity Protection:** The Village of Morton shall not use an employee's social security number except as allowed under the Illinois Identity Protection Act. Pursuant to the Illinois Identity Protection Act, permitted uses of an employee's social security number include documentation and reporting as required under federal and state income tax laws and regulations. The Village may also use an employee's social security number for internal verification or administrative purposes. Only Village employees who require access to information or documents containing an employee's social security number will be allowed access to an employee's social security number and only as necessary to perform the functions or requirements of that Village employee's job.

- (H) **Gifts, Gratuities, and Lost Property:** Because employees of the Village are employed to serve the public, the employment relationship requires that employees avoid circumstances or situations which might create a conflict or the appearance of a conflict of interest, or raise suggestions of impropriety. To this end, the Village expressly precludes any Village employee from soliciting any gift, gratuity, service, or item of value in exchange for performance of their duty as Village employees, and from accepting any gift, gratuity, or valuable service(s) in exchange for, or as a result of, the performance of their duty as Village employees. Furthermore, the Gift Ban provisions (5 ILCS 430/10-10, et seq.) of the State Officials and Employees Ethics Act (5 ILCS 430/1-1, et seq.) limit a Village employee's ability to accept any gift.

Pursuant to the Gift Ban provisions of the Ethics Act, Village employees are prohibited from receiving a gift from someone seeking action to be taken by an employee during the performance of their duties as Village employees, doing business or seeking to do business with the Village, conducting activities regulated by the Village or Village employees, or who has interests that can be substantially affected by the performance or non-performance of their duties as Village employees. A gift includes any tangible or intangible item having monetary value. The Gift Ban provisions of the Ethics Act also prohibit an employee's spouse, civil union partner, or immediate family members living with the employee from receiving such gifts.

Numerous specific exceptions exist under the Gift Ban provisions of the Ethics Act which may allow a Village employee to accept a gift, including (but not limited to) receiving a gift from a relative, a friend (if circumstances show that gift was not provided because of the employee's official position with the Village), or a co-worker. Other exceptions which allow a Village employee to accept a gift include receiving a bequest, inheritance, or other transfer at death, receiving food or beverages not exceeding \$75 per person in value consumed on the premises from which they were purchased, or receiving any other item or items during any calendar year totaling less than \$100 in value. If an employee has a question about whether the Gift Ban provisions of the Ethics Act apply to a specific situation not specified above, the employee should contact the employee's Department Head for further clarification.

This policy shall not, however, preclude the Village or Village employees from accepting gifts to the Village of equipment or property or other items of value for use by the Village in provision of services to the public. Employees should, however, notify the Superintendent of their department before accepting any such gifts to insure the Village wishes to accept such donation.

Where any employee while on duty, or engaged in performance of his duties for the Village, encounters or finds any abandoned, stolen, or lost property, including any cash, securities, or tangible personal property, which does not contain or exhibit any information to identify its owner, or provide any means for determining to whom the property should be returned, the employee shall take possession of the property and turn it over to the Police Department for safekeeping and efforts to locate the owner. In accordance with 765 ILCS 1030/2-4, the Chief of Police, or such subordinate as he may designate, shall make reasonable efforts to identify and notify the owner, and to return the property, provided the owner can demonstrate satisfactorily his ownership and right to possession of the property and reimburses the Village for any expenses incurred in ascertaining and/or notifying the owner. Where property is unclaimed for a period of six (6) months, it shall be disposed of by public sale or other means authorized by 765 ILCS 1030/1, 3, and the funds from the sale deposited with the Village Treasurer as required by law. This policy shall not apply to abandoned motor vehicles, which shall instead be dealt with as provided by 625 ILCS 5/4-201 et seq. Where authorized by law, the Chief of Police may adopt different rules for the custody and disposition of lost, abandoned, or stolen property.

- (I) Political Activity: While Village employees have the right to become involved in the political process during their personal time, they are not permitted to engage in political activity on the job or while on duty or in circumstances in which a reasonable person would construe the employee to be acting as a Village employee while engaging in such activity. Employees shall not use Village stationery, vehicles, office equipment, or any other Village resources, or appear in any Village uniform for unauthorized personal purposes or for political purposes. Political literature shall not be distributed or displayed in or on Village owned property or equipment, and Village employees shall refrain from engaging in any political campaigning while on duty. This restriction shall not be applied to prevent employees from communicating with co-workers about political issues while off duty, or to prevent an employee from seeking political office.

Employees who are elected to public office of the Village shall resign from Village employment prior to taking office.

- (J) Use of Village Credit Cards: In appropriate situations, the Village may provide an employee with a credit card issued in the Village's name for use to pay Village expenses. Credit cards issued in the Village's name shall only be used for legitimate, proper, and approved expenses associated with Village business. Credit cards issued in the Village's name shall not be used for personal reasons or purposes under any circumstances. This policy shall apply to all Village employees and all Village officials, including elected Village office holders and appointed Village office holders. Any Village employee using a credit card for personal use shall be subject to discipline, up to and including immediate termination (see Section 12-3-6(B)).

- (K) **Safety Policy:** It is the policy of the Village to provide the safest working environment practicable for its employees, and to plan safety, loss control, and operating efficiency in all aspects of the Village's operation. Accordingly, the Village seeks to promote high safety awareness and loss control in order to minimize hazards and safety risks that adversely affect the safety of Village personnel and the public and security of Village property. All Village employees are expected to maintain a positive attitude about safety and loss control. Furthermore, each Village employee is responsible for accident prevention and loss control within the scope of the employee's job function.

The Department Heads shall develop rules to govern safety on the job, which every employee shall be required to follow in performing his or her duties, and to establish procedures to train employees concerning safety on the job. The Department Heads, in conjunction with the Director of Fire and Emergency Medical Services or his delegate, shall also develop policies to identify, label, and communicate with employees concerning toxic substances and other hazardous substances which employees may encounter in performance of their duties or in the community, and procedures to handle disasters or threats to the public safety which may occur within the Village. These policies should also be designed to eliminate and reduce, as well as control, the various hazards and safety risks which would expose any person or property to a safety risk or loss.

Whenever any employee is injured on the job, or receives any injury directly related to performance of employment duties for the Village, they shall immediately report the injury to their supervisor, regardless of how minor the injury may seem. Where the employee requires medical assistance, the supervisor shall assist in making arrangements to obtain prompt medical treatment for the employee. Supervisors shall promptly and properly record any reported injuries.

- (L) **Accident Reporting Policy:** Any employee who is injured while on duty (regardless of severity of the injury) shall report the injury to the employee's supervisor immediately both verbally and in writing with a completed Accident Investigation Report. The Accident Investigation Report shall include the following: date, time, and place injury occurred, how the injury occurred, the type of injury, and whether medical assistance was obtained. The Report shall be submitted by the end of the workday, or as soon as possible on the next work day if the injury occurs at the end of the workday, or as soon as practicable if the injury otherwise prevents the immediate submission of the Report. Supervisors shall review the Accident Investigation Report and then immediately inform the supervisor's Department Head of all on-the-job injuries.

Any employee witnessing or receiving a report of an injury to a visitor shall verbally report the injury to the employee's supervisor immediately. The employee may also be required to complete a written Accident Investigation Report. Supervisors shall then submit this information to the Village Administrator.

Any incident involving damage to Village property, Village vehicles, or a privately- owned vehicle being operated for Village business or any damage to the property of another incurred when operating Village vehicles, Village equipment, or a privately-owned vehicle being operated for Village business shall be reported immediately to the employee's supervisor both verbally and in writing with a completed Accident Investigation Report. The Report shall include the following: date, time, and place incident occurred, how the incident occurred, and the extent and type of damage. The Report shall be submitted by the end of the workday, or as soon as possible on the next workday if the incident occurs at the end of the workday or when the employee is traveling outside the Village. Employees are also required to notify law enforcement when appropriate.

- (M) Worker's Compensation Insurance and Related Inquiries: The Village of Morton provides Worker's Compensation Insurance to provide employees with three basic protections: (1) to pay work injury related medical bills, (2) to pay two-thirds of average weekly wages while the employee is off work due to the work injury (except when modified by State law for public safety employees), and (3) to cover a settlement based on the permanency of the injury. While not required, many employees obtain the services of an attorney to assist them. When an employee retains an attorney to represent him or her, State law requires the Village to interact directly only with the employee's chosen legal counsel. Accordingly, the Village will not discuss any worker's compensation insurance issues with an employee represented by an attorney. Thus, when an employee retains an attorney, the employee will need to contact the employee's attorney with any questions about the worker's compensation insurance or the related worker's compensation insurance process.
- (N) Use of Village Facilities, Tools & Equipment: Full-time employees may use the department facilities, with the approval of the person responsible for those facilities. When using such facilities, the following rules apply:
1. No repairs of personal vehicles or equipment may be done during working hours.
  2. No use of Village mechanical supplies, such as oil or grease.
  3. No major repairs may be done which would require overnight use of the facility.
  4. No storage of partially-repaired or of any personally owned vehicles, campers, trailers, boats, motorcycles, ATV's, etc., on Village property.
  5. No use of the Village facilities for repairs on a vehicle or equipment not owned by the employee.
  6. The facility must be cleaned and returned to its original state when work is complete.
  7. No disposing of personal waste in Village dumpsters.

Village tools and equipment will not be used for any purpose other than official Village business, with the exception that non-powered hand tools may be borrowed by full-time employees with the permission of that department's Superintendent. Any borrowed tool must be returned in its same condition, or repaired or replaced if damaged or lost. No tool borrowed shall cause any hardship or inconvenience to the Village and shall be borrowed at the end of the work day returned at the start of the next work day. Approval of the use of the hand tool must be obtained from the Superintendent each time it is borrowed. The Superintendent can require the borrower to physically return the tool to the department at any time, day or night.

The reckless or intentional destruction, or abuse, or misuse of Village property, including equipment, tools, and supplies, is prohibited and will not be tolerated. Any equipment, tools, property, or supplies provided for use by an employee in the performance of his or her job are Village property, and must be utilized properly and in a safe manner. Employees shall not be permitted to utilize Village property for their personal use other than what is specifically outlined in this section.

## (O) Use of Village Vehicles

Because of potential liabilities and excessive costs, employee use of Village vehicles for personal purposes must be strictly controlled and limited. Where employees are assigned Village vehicles, the employee will not be permitted to take home the Village vehicle overnight, except that Department Heads and those employees who are required to be “on call” to respond to emergencies, will be permitted to do so. Except as provided in this Subsection 12-3-4(O)-1, at all times, the use of Village vehicles must be confined to use for Village related business. Thus, except as expressly provided in this Subsection 12-3-4(O)-1, Village employees are not permitted to transport their children in Village vehicles except in the cases of an emergency and an alternative vehicle is unavailable. Further, except as expressly provided in this Subsection 12-3-4(O)-1, Department Heads and the designated employees who do take Village vehicles home overnight must confine their use of Village vehicles to travel to and from work.

1. Village vehicles are to be used for conducting Village business only. Exceptions are as follows:
  - (a) The Chief of Police and Director of Fire and Emergency Services are required, due to the nature of their position, to drive their assigned Village vehicle to and from work and for personal use in order to respond promptly to any emergency.
  - (b) Public Works Department Superintendents are allowed to drive a vehicle to and from work, and are allowed limited personal use within the Village limits. Any personal usage is taxable to the employee based upon the IRS regulations.
  - (c) The Director of Public Works is allowed to drive a vehicle to and from work, and for personal use within a 25 mile radius of Morton. Any personal usage is taxable to the employee based upon the IRS regulations.
  - (d) On-call employees are allowed to use a department vehicle for official business (such as service calls) and to drive to and from work, and limited personal use during the time they are on call, provided usage is wholly within the Village limits. Gas and water distribution employees may take the “on-call” vehicle home or may be requested by the Superintendent of the Gas Department to take the “on-call” vehicle home in order to be prepared to promptly respond to an emergency situation.

See Section 12-3-4(P) regarding license requirements for any employee who drives a Village vehicle. All users of Village vehicles shall comply with the safety provisions and procedures set forth in Subsection 12-3-4(O)-2. Furthermore, a driver of a Village vehicle shall not drive while impaired by alcohol, other drugs including cannabis (marijuana) prescribed for medical purposes, or intoxicating compounds and methamphetamine. The employee would be considered impaired if his blood alcohol content exceeds .02% or if he is impaired by cannabis, methamphetamine, or any other intoxicating compound, regardless of the level in his blood.

## 2. Safety and Village Vehicles

- (a) Operators of Village-owned vehicles shall be responsible for checking all vehicle safety devices before driving the vehicle. Any defects found shall be reported and the vehicle shall not be operated until the defect has been corrected.
- (b) Only fully qualified and properly licensed operators shall be permitted to drive or operate Village vehicles.
- (c) All drivers of Village vehicles shall comply with all state, county and local rules and regulations governing the safe and legal operations of vehicles.

- (d) Seat belts shall be worn and secured at all times when the vehicle is moving.
- (e) The driver shall be responsible for assuring that all passengers are seated and properly secured before moving the vehicle. Under no circumstances shall passengers ride on fenders, running boards, the tops of vehicles, or any place not designed for passengers.
- (f) Trucks, when used for transportation of employees, shall be provided with facilities, which will afford safe seating and shall be protected on sides and ends to prevent falls from the vehicle.
- (g) Trucks transporting materials shall not be loaded to a height of greater than 13 feet 6 inches from the ground surface. All materials shall be tightly secured to prevent movement in transport. All cargo that extends 4 feet beyond the end of the bed shall be clearly marked with a red cloth not less than 16 inches square and shall be marked with a red light at night.
- (h) Speed limits on public roads and highways shall be strictly observed by all drivers of Village vehicles.
- (i) Speeds in parking lots, maintenance yards, or in close proximity to persons or equipment shall not be in excess of 10 m.p.h. Lower speed limits may be imposed for selected areas.
- (j) Drivers shall not initiate phone calls by dialing phone numbers or engage in electronic communications by texting or emailing while the vehicle is in motion.
- (k) Drivers shall not use cell phones or other electronic devices in any manner while in a school zone or in a construction zone, or in any other manner that violates a provision of the Illinois Motor Vehicle Code.
- (l) Drivers shall not be under the influence of alcohol, illegal drugs, or prescription drugs which impair the employee's abilities while operating a Village vehicle.
- (m) All accidents involving a Village vehicle, regardless of severity, must be reported to the police and the Village Administrator.
- (n) Any operator of a Village vehicle must immediately report any suspension, revocation, or other action taken by the State with regard to the status of the operator's driver's license; this report shall be made to the operator's direct supervisor, department head, or Village Administrator as appropriate.
- (o) Any traffic violations (including parking tickets), citations, and fines incurred by a driver of a Village vehicle shall be the sole responsibility of that driver. Employees who receive traffic citations (except for parking violations) or any citation regarding the violation of any law, while driving a Village vehicle, , must report such incident to the employee's supervisor within 24 hours.
- (p) Drivers are responsible for the security of the Village vehicle when under their control or in their custody, including the locking of vehicle doors and removal of keys when the vehicle is not in use and unattended.

- (P) Licensing Requirements - Driver's License: While not all Village jobs or positions require the occupant to possess a license or permit to allow the individual to perform specific duties, certain jobs within the Village do require that their occupant hold a special license or permit. Those Village positions requiring any special license or permit in order to perform its recognized duties, list such special license or permit requirements in the position's description, and employees, to be qualified to occupy such position, must have the required license or permit for such position. Where, while occupying the position, an employee's license or permit is suspended or revoked, or expires, the employee shall be terminated or removed from the position, and either transferred or laid off in accordance with Village policy and the Village's current needs.

As a condition of employment, all Village employees shall obtain and maintain a State driver's license appropriate for any vehicles their job may require them to operate. Where appropriate, the Village may provide an employee with reasonable training to obtain the operator's license necessary to operate special equipment. Failure to maintain an appropriate driver's license may result in lay off or termination. Any Village employee whose license is suspended or revoked must immediately inform their supervisor and Department Head of the suspension or revocation. The operation of any Village vehicle without a valid, appropriate, driver's license is not permitted and will result in termination of employment should it occur.

- (Q) Reimbursement of Travel Expenses: Within the provisions of the Internal Revenue Code and related regulations, employees will be reimbursed for travel expenses incurred while conducting Village business or attending Village approved meetings or seminars in accordance with the provisions of this policy. The reimbursement portions of this policy shall apply to all Village employees and all Village officials, including elected Village office holders and appointed Village office holders.

1. Authorization: Prior to travel, each Department Head shall review all travel requests to determine whether a professional benefit will be derived and whether the travel is financially feasible, and thereafter shall approve or deny such travel request. Additionally, all travel requests for out-of-town, overnight travel shall be submitted to the Village Administrator for approval.
2. Reimbursement for Travel Expenses: Within fifteen (15) working days after an employee's return from authorized travel, the employee shall submit all claims documentation related to that travel. Any reimbursement request submitted later than thirty (30) days after the return date from travel will be denied. Documentation for a travel expense must sufficiently support the amount of the claimed expense and must be completed or generated at or near the time when the travel expense is incurred. The reimbursement request and related documentation shall be submitted to the Accounts Payable Clerk at the main Village office.
3. Reimbursable Expenses
  - (a) Transportation: When available, employees driving to the travel destination shall use Village vehicles. If the employee drives a privately owned vehicle, the employee will be reimbursed at the IRS approved rate, plus tolls and parking. Mileage will be reimbursed based upon the trip originating and ending at Village Hall. Employees using privately owned vehicles while on Village business must have insurance coverage in an amount not less than that required by Section 10-101(b) of the Illinois Vehicle Code (625 ILCS 5/10-101(b)). Prior to authorization of any travel by use of private vehicle, the employee must certify or otherwise provide proof that they are duly licensed and carry the required insurance coverage. Travel by air transportation or other public conveyance must receive prior authorization and approval from the Village Administrator and shall be made in the most economical manner available at the time the travel reservations are made.

- (b) Lodging: The Village will reimburse reasonable lodging expenses upon the submission of itemized receipts from the lodging establishment (not a credit card receipt or bill). When applicable, accommodations shall be made at the conference or seminar rate, and any lodging costs exceeding the conference or seminar rate shall be paid by the employee. Only the costs of single occupancy will be reimbursed unless a double occupancy is of equal or lesser value. If a more expensive double occupancy occurs, as the result of a spouse/guest, the employee is responsible for the additional cost.
- (c) Meals: The Village will reimburse meal expenses at a per diem rate using the following criteria:
- (1) The Village will reimburse employees up to \$39.00 for standard daily meal expenses. Meal expenses in “major travel cities” (or “key cities”) shall be reimbursed in accordance with the per diem rates set forth in the current edition of IRS Publication 1542 entitled “Per Diem Rates (For Travel Within the Continental United States)” if such per diem rate is higher than the standard per diem rate. The per diem rates used by the Village will be the “maximum federal per diem rate” in effect on the date of travel in the particular city for “M&IE” (meal and incidental expenses), as set forth in IRS Publication 1542. Also, the standard per diem rate for meals (currently set at \$39.00 in this provision) shall be adjusted in accordance with M&IE rate established in IRS Publication 1542 under the “maximum federal per diem rate”.
  - (2) Receipts are not required for per diem meal reimbursements.
  - (3) Partial day claims for meals will be based upon meal rates (and associated percentages) indicated in the following table:

Breakfast	\$ 7.80	(20%)
Lunch	\$10.50	(27%)
Dinner	<u>\$20.70</u>	(53%)
Total	\$39.00	(100%)
  - (4) The Village will separately reimburse the cost of meal and banquet tickets for conferences, seminars, or training events if such costs are separate from the event’s registration fees and are directly related to the conference, seminar, or training event. If such meal in relation to a conference, seminar, or training event is paid separately, then the per diem rate for that day shall be prorated accordingly.
- (d) Other Fees and Fares: The Village will reimburse the following fees and fares as follows:
- (1) Registration Fees: The Village will pay for all actual charges pertaining to an approved conference, meeting, or seminar, including registration fees, dues and other conference activities, which are verified by a program or bulletin setting forth such fees.
  - (2) In-Town Transportation: The Village will reimburse actual charges for taxis, airport buses or limousine fares, tolls and parking, and business telephone calls. Whenever possible, all such fares should have a receipt.
  - (3) Tips: Expenses for tips should be included with the particular transportation, lodging, and meal expense. Gratuities are not reimbursable as a separate or individual expense.

(e) Travel Advances: Advances for travel expenses may be provided to an employee upon authorization and approval by the Village Administrator. However, registration fees that are to be paid in advance will only require approval from a Department Head if the travel would otherwise be approved by the Department Head.

4. Expenses Not Reimbursable

(a) The employee shall not be reimbursed for meals eaten at friends or relatives homes or lodging if staying with friends or relatives.

(b) Expenses of a personal nature and incurred for the convenience of the traveler, such as expenses for travel by indirect routes or stopovers for personal reasons, are not reimbursable.

(c) Travel insurance premiums are not reimbursable.

(d) Personal items such as movie or theater tickets, magazines, bar services, sightseeing fares, hotel/motel pay per view television, etc., are not reimbursable.

(e) Meal expenses for anyone but employees or business guests in the conduct of official Village business are not reimbursable.

(f) The cost of alcoholic beverages shall not be reimbursed.

5. Responsibility: All employees who travel on Village business are responsible for compliance with the requirements of this policy, and for the exercise of sound judgment of their travel expenditures. Employees who abuse or violate this policy may have their travel privileges revoked and/or may be subject to discipline as provided in this Manual.

6. Local Travel: This policy shall apply to reimbursement for local transportation, as well as conference and meal expenses, incurred in Morton and the general central Illinois area. Accordingly, all such claims, including mileage reimbursement for local travel, must be submitted within the timeframes established above in Section 12-3-4(Q)-2.

(R) Prohibition on Smoking: Pursuant to the Smoke Free Illinois Act, smoking is prohibited in any Village building, facility, or vehicle. This prohibition includes, but is not limited to, all offices, meeting rooms, indoor areas used by the public, enclosed indoor work areas, and public or Village conveyances. Also, as further provided under the Smoke Free Illinois Act, smoking is prohibited within 15 feet of an entrance to any Village building or facility. The use of e-cigarettes or any similar devices is similarly prohibited and thus is not permitted in any Village building, facility, or vehicle, or within 15 feet of an entrance to any Village building or facility.

(S) Layoff - Recall Procedures: Where it becomes appropriate to lay off employees for budgetary or financial reasons, a temporary absence of available work, or other reasons including the permanent elimination of positions within administrative operations of the Village, layoffs will normally be affected within the various departments by the Department Head unless controlled by state statute, and will take into consideration, among other criteria, the available financial resources budgeted, the volume and nature of work to be performed, the relative skills, ability, and performance of employees within or among specific job categories or classification descriptions within the department, and the continuous credited service of the various employees likely to be affected by the lay-off within a particular job category or classification description. Except in circumstances where an individual was employed for a particular position because of special training, skill, or qualification, employees still subject to an initial evaluation period will be laid off before any employee possessing credited continuous service and occupying a regular, full-time position. Where all other criteria are relatively equal, and the employees are capable of immediately performing the job(s) required, credited continuous service will ordinarily control, and regular, full-time and/or part-time employees with less continuous credited service will be laid off in preference to, or ahead of, employees possessing greater credited continuous service within specific job categories or classification descriptions within the department. Employees who have been laid off from specific job categories or job classification descriptions will be recalled in inverse order from the order of layoff should conditions allow the Village to restore their former position within less than twelve (12) months from the date of layoff, provided the employee is qualified to fill the position. Where any other job vacancies arise within the department, employees on layoff status may apply for the position, and in such situation, the employee's established continuous credited service will be considered together with all other factors in determining the most qualified applicant for the vacancy.

(T) Promotions and Transfer Policy: Subject to the operational requirements of the Village, and the need to fill positions within its operations with individuals qualified for particular positions by reason of their education, training, special knowledge or expertise, or prior employment experience, the Village's policy is to promote the development and growth of its current employees by giving them favorable consideration for promotions and/or transfers to new job categories or classification descriptions within the Village's operations when vacancies occur or new positions are created. To aid in the effectuation of this policy, the Department Heads are directed to post notices of vacancy for job openings within the Village administration not subject to special statutory or administrative hiring procedures to provide notice to current employees and to the community of available positions. Those employees who desire to be considered shall submit their application for the opening or vacant position, which will be considered together with the applications of others. The credited continuous service of current employees will be taken into consideration along with all other factors in selecting an individual to fill the vacancy or position. Where two or more employees are being considered, and their relative qualifications are determined to be equal, the employee with greater credited continuous service will ordinarily be given preference based upon his or her credited continuous service, subject to any statutory or contractual requirements.

Except in extraordinary situations as determined by Village Officials, an employee who has not completed the initial evaluation period as set forth in Section 12-3-2(B) of this Manual shall not be eligible for a promotion or voluntary transfer to another position within the Village's operations. If an employee does transfer to a different job category or classification within the Village's operations, the employee will not be eligible for another transfer for a period of 12 months.

Decisions regarding the promotion or transfer of employees, and the hiring of new employees shall be made by the President and Village Board unless delegated to individual Department Heads. If an employee receives a promotion or transfers to a different job category or classification and receives an increase in salary or wages as a result of the promotion or transfer, the employee will not be eligible for an increase in salary or wages until the employee has served six months in the new position. Furthermore, if an employee receives a promotion to a supervisory or managerial position, which would include, but not be limited to, a department head, the employee shall be placed at the minimum step ("Step A") for the particular grade for the employee's new job category or classification on the salary schedule (or "pay plan") in place at the time of the employee's promotion. However, in extraordinary situations as determined by Village Trustees and/or the President Village Board, an employee may be placed at a higher step on the salary schedule (or "pay plan") at the time of the employee's promotion to a supervisory or managerial position.

(U) Computer System, Software, Electronic Mail and Voice Mail Policy: The Village of Morton has become increasingly more reliant upon the use of the Intranet and Internet for effective and timely communication. At the same time, the Village and the legal community have growing concerns over laws governing use of electronic and communication media in conducting business. These two factors mandate the implementation of a policy. This policy defines the ownership and appropriate use of these facilities by Village employees and other authorized users. Additionally, misuse of computer systems, software, email and voice mail in violation of this policy may result in disciplinary action, up to and including termination of employment (see Section 12-3-6(B) - Discipline Policy).

1. General Overview and Employee Responsibility: The Village's computer systems, software, electronic mail (e-mail), and voice mail are assets owned by the Village which are critical components of conducting day-to-day operations. The contents of each of these systems are the property of the Village and are to be used to conduct Village business. Employees should be aware that no privacy rights attach to any computer documents in the workplace, except as specifically protected by federal or state law, and that documents can be read and reviewed as the Village deems necessary. Furthermore, employees should understand that no privacy rights attach to any information stored or communicated by computer systems, software, e-mail, or voice mail, except as specifically protected by federal or state law. The Village may monitor the computer systems, software, e-mail, and voice mail, and may retrieve the contents for legitimate business reasons, such as finding lost documents or recovering from system failures. Thus, no guarantee of privacy is afforded for an employee's use of Village computer systems, software, e-mail, and voice mail. Therefore, employees must conduct themselves accordingly. Furthermore, employees should be aware that computer systems, software, e-mail, and voice mail may be subject to discovery procedures in a legal proceeding and may be subject to disclosure in response to a Freedom of Information Act request.

Every employee should use computer systems, software, e-mail, and voice mail in a responsible manner. An employee should use computer resources efficiently and productively, and refrain from monopolizing systems, overloading networks with excessive data, playing computer games, or wasting computer time, connect time, disk space, printer paper or other resources. An employee should immediately report the following matters to the employee's supervisor or Department Head:

- The employee receives or obtains information to which the employee is not entitled or authorized.
- The employee becomes aware of a "virus" infection. In order to reduce the risk of spreading computer viruses, an employee should not import files from unknown or disreputable sources, software, or files obtained from remote sources must be checked for viruses before use. The systems administrator should be contacted regarding any questions about viruses or how to check for viruses.

- The employee knows of any inappropriate use of resources.

Further, an employee must adhere to copyright law regarding use of software, information, and attributions of authorship. All software used for office or off- site work must be returned when requested by the Village.

Use of Village computer systems, software, e-mail, and voice mail is limited to Village employees.

Village computers and software will be installed and maintained ONLY by authorized personnel. Only IT personnel, under the guidance of the Village Administrator, can authorize installation or maintenance of either hardware or software on Village computers. An employee may not bring the employee's computer equipment onto Village property, and must only use the Village's computer equipment while at work, except when vendors or contractors providing services to the Village provide computer systems with their services.

2. Use of Employee Software: An employee may have software which the employee might like to install on a work computer to enhance productivity or to enhance the working environment. The Village has an obligation to ensure that software on its computers is being used legally according to that software's license and to ensure that the software installed and the method of installation does not create difficulties on the individual computer or on the Village network. Employees who wish to be authorized to install particular software on their computers or who wish to have such software installed must certify that they are using the software according to license and must register the license information with the systems administrator.

The Village has the capacity to survey individual computers through the network, and will remove programs not authorized for installation, and will report the incident to the appropriate personnel. The following rules apply to use of an employee's software:

- Multiple installations of the same license will be assumed to violate copyright laws unless a multiple license provision can be demonstrated.
- Games and other software not related to the mission of the Village may not be installed on the Village equipment.
- "Migrating" to an upgrade computer does not carry with it the right to "migrate" software to that computer unless that software is completely removed from the original computer.

Screen savers, sound events, wallpaper, and other system additions found on Village computer systems represent the Village as well as the individual. Accordingly, these additions must comply with the provisions of the Village's harassment policy which is set forth in Section 12-3-2(I)-1. Thus, these additions should avoid material which is sexually suggestive or might reasonably be construed as being demeaning to any individual or group. If the law, a member of the public, another employee, or common sense would indicate that material should not be displayed in an office, it should not be displayed on computers owned by the Village.

3. Prohibited Behaviors: Any use of the computer or communication resources for inappropriate or unauthorized purposes, or in support of such activities, is prohibited. The following list of conduct, which is not all inclusive, is expressly prohibited:
- (a) Obtaining or reviewing any obscene, sexually explicit, pornographic, profane, or offensive material, including downloading pornographic or erotic materials, or transmitting messages, jokes, or materials that violate the Village's harassment policy (see Section 12-3-2(l)-1) or which create an intimidating or hostile work environment.
  - (b) Use of Village systems to set up or service personal business.
  - (c) Accessing or transmitting copyrighted or trademarked information in a way that violates the copyright or trademark of the owner, which would include duplicating, transmitting, or using software in a manner which is not in compliance with software license agreements, and unauthorized use of copyrighted materials or another person's original writings.
  - (d) Unauthorized use of a Village's or employee's computer or communication system.
  - (e) Broadcasting personal views on social, political, religious, or other non-business related matters.
  - (f) Soliciting for the buying and selling of any goods or services.
  - (g) Illegal use, meaning any use for illegal purposes, or in support of such activities. Illegal activities shall be defined as any violation of local, state, or federal laws.
  - (h) Commercial use, meaning any use for commercial purposes, product advertisements, or "for profit" personal activity.
  - (i) Use which would be considered a security violation, meaning:
    - (1) Copying, disclosing, transferring, examining, renaming, or changing information or programs belonging to another user unless express permission to do so is given by the user responsible for the information or programs.
    - (2) Unauthorized use of a password or mailbox unless specifically authorized to maintain and support the system.
    - (3) Representing yourself as someone else, fictional or real.
    - (4) Physically connecting the Village's network or your computer to another network without proper authorization from the systems administrator. Indiscriminate connection to other networks could neutralize the system.
  - (j) Knowingly or inadvertently spreading computer viruses. "Computer viruses" are any programs that can destroy valuable programs and data.
  - (k) Distributing "junk" mail such as chain letters, advertisements, or unauthorized solicitations.

(V) Cell Phone & Electronic Device Usage Policy: The Village of Morton may issue cellular telephones or similar electronic communication devices to certain Village employees and Village Officials. The Village has become increasingly more reliant upon the use of electronic communications devices, including cellular phones, for effective and timely communication. At the same time, the Village and the legal community have continuing concerns over laws governing use of electronic and communication media in conducting business. These two factors mandate the implementation of a policy. This policy defines the ownership and appropriate use of these electronic communication devices by Village employees, Village Officials, and other authorized users. Additionally, misuse of electronic communication devices, including related software and texting capabilities and voice mail, in violation of this policy may result in disciplinary action, up to and including termination of employment (see Section 12-3-6(B) - Discipline Policy).

1. General Overview and Employee Responsibility: The Village's electronic communication devices and voice mail are assets owned by the Village which are critical components of conducting day-to-day operations. The contents of these systems are the property of the Village and are to be used to conduct Village business. Employees should be aware that no privacy rights attach to any electronic communications, including text messages and voice mail, except as specifically protected by federal or state law, and that electronic communications can be read and reviewed as the Village deems necessary. Furthermore, employees should understand that no privacy rights attach to any information stored or communicated by such electronic communication devices or voice mail, except as specifically protected by federal or state law. The Village may monitor the electronic communication devices, including text messages and voice mail, and may retrieve the contents for legitimate business reasons. Thus, no guarantee of privacy is afforded for an employee's use of Village issued electronic communication devices, including any associated text messages and voice mail. Therefore, employees must conduct themselves accordingly. Furthermore, employees should be aware that electronic communication devices, including any associated text messages and voice mail, would be subject to discovery procedures in a legal proceeding and may be subject to production in response to requests under the Freedom of Information Act.

Every employee should use electronic communication devices, including text messaging and voice mail, in a responsible manner. With an understanding of the lack of privacy rights and employee responsibilities as expressed herein, reasonable personal use of electronic communication devices, including text messaging and voice mail, is permitted. Employees should exercise good judgment regarding the reasonableness of such personal use. Additionally, use of Village issued electronic communication devices is limited to Village employees and Village Officials.

2. Issuance of Electronic Device: The Village shall be responsible for all costs associated with providing the initial cell phone or similar electronic device. If the employee or Village Official loses or damages the cell phone or similar electronic device under any circumstance or for any reason (including having the phone or device stolen from the employee or Village Official), that employee or Village Official shall be responsible for any cost associated with replacing or repairing such cell phone or similar electronic device, unless otherwise determined by the employee's Department Head or authorizing Village Official should the device be lost or damaged through no fault of the employee or Village Official while conducting Village business or acting on the Village's behalf.
3. Prohibited Behaviors: Any use of the electronic communications device for inappropriate or unauthorized purposes, or in support of such activities, is prohibited. The following list of conduct, which is not all inclusive, is expressly prohibited:
  - (a) Obtaining or reviewing any obscene, sexually explicit, pornographic, profane, or offensive material, including downloading pornographic or erotic materials, or transmitting messages, jokes, or materials that violate the Village's harassment policy (see Section 12-3-2(l)-1) or which create an intimidating or hostile work environment.

- (b) Accessing or transmitting copyrighted or trademarked information in a way that violates the copyright or trademark of the owner, which would include duplicating, transmitting, or using software in a manner which is not in compliance with software license agreements, and unauthorized use of copyrighted materials or another person's original writings.
  - (c) Unauthorized use of the electronic communications device.
  - (d) Illegal use, meaning any use for illegal purposes, or in support of such activities. Illegal activities shall be defined as any violation of local, state, or federal laws.
  - (e) Use which would be considered a security violation, meaning:
    - (1) Copying, disclosing, transferring, examining, renaming, or changing information or programs belonging to another user unless express permission to do so is given by the user responsible for the information or programs.
    - (2) Unauthorized use of a password or mailbox unless specifically authorized to maintain and support the system.
    - (3) Representing yourself as someone else, fictional or real.
  - (f) Knowingly or inadvertently spreading viruses by use of the electronic communications device. "Viruses" are any programs that can destroy valuable programs and data or disrupt the communications system.
  - (g) Use of a cell phone or other electronic device while driving in a school zone or a construction zone.
  - (h) Use of a cell phone or other electronic device while driving for texting or otherwise sending electronic messages.
4. Personal Cellular and/or Electronic Devices: While at work and during paid work time, employees are expected to exercise discretion in using personal cellular/wireless devices. Personal calls during work hours, regardless of the type of personal cellular/wireless device used can interfere with employee productivity, safety and may be distracting to others. Employees are expected to make personal calls on non-work time (i.e. breaks, lunch) and to ensure that friends and family members are aware of the Village's policy. Flexibility will be provided in circumstances demanding immediate personal phone use, but this immediate need should be communicated to an employee's supervisor.

In order to ensure a productive work day, the following use of a personal cellular/wireless device is prohibited during working hours:

- Accessing the internet for non-work related purposes
- Playing games
- Watching movies, television, sports, etc.
- Any activity that violates Village policy, including accessing and/or distributing pornographic or harassing material

Abuse of this policy may lead to disciplinary action.

Any use of a Village issued electronic communications device that allows or provides access to the internet or any portion of Village computer systems shall also comply with the provisions of Section 12-3-4(W) of this Manual.

(W) Social Media Policy and Guidelines: This is the Village's official policy for social media use and provides guidance for employees and elected officials on their professional and personal use of social media.

1. Professional Use of Social Media: Before engaging in social media as a representative of Village, an employee must be authorized to comment by an elected Village Official or Department Head. A Village employee may not comment as a representative of the Village unless authorized to do so. Once authorized to comment, the employee must:
  - Disclose you are an employee or elected official of the Village, and use only your own identity.
  - Disclose and comment only on non-confidential information.
  - Ensure that all content published is accurate and not misleading and complies with all Village policies.
  - Comment only on the employee's area of expertise and authority.
  - Ensure comments are respectful and refrain from posting or responding to material that is offensive, obscene, profane, defamatory, threatening, harassing, bullying, violent, discriminatory, infringes copyright or trademark, breaches a Court order, or is otherwise unlawful.
  - Refrain from making comments or posting material that might otherwise cause damage or injury to the reputation of any Village employee or Village Official or otherwise put the Village, a Village employee, or Village Official in a bad or negative light.
2. Personal Use of Social Media: The Village recognizes that an employee may wish to use social media in his or her own personal life. This policy does not intend to discourage or unduly limit an employee's personal expression or personal online activities. However, an employee should recognize the potential for damage caused (either directly or indirectly) to the Village, another Village employee, or a Village Official in certain circumstances through or in relation to an employee's personal use of social media when the employee can be identified as a Village employee. Accordingly, an employee should comply with this policy to ensure that risk of such damage or injury is minimized.

An employee is personally responsible for the content published in a personal capacity on any form of social media platform. Remember that all posts are public and often permanent. When in doubt, an employee should seek guidance from the employee's supervisor or department head on how to comply with this policy. When using social media on a personal basis, an employee or Village Official should use the following guidelines:

- Do not represent yourself as a Village representative. Unless the Village has designated the employee to speak officially for the Village, an employee should not state that the employee writes or speaks on behalf of the Village, and an employee should make this clear to those reading or listening to the employee's points of view. Also, an employee should not use the Village logo on any social media postings.
- Do not disclose private or confidential information about the Village, Village employees, Village Officials, or about citizens that the employee obtained through the employee's employment with the Village. Confidential information is information that is exempt from disclosure under Section 7 of the Illinois Freedom of Information Act (5 ILCS 140/7) or as otherwise defined as confidential information in Section 12-3-4(U) of this Manual.

- Even when using social media on a personal basis, employees may be disciplined for posting material that is, or might be, construed as a violation of the Village's workplace policies against discrimination, harassment on account of age, race, religion, sex, sexual orientation, gender, ethnicity, nationality, disability, or other protected class, status, or characteristic or that is otherwise offensive, malicious, demeaning, obscene, abusive, harassing, threatening, or intimidating regarding any Village employee, Village Official, or regarding a citizen that the employee obtained information about through the employee's employment with the Village.
- If an employee chooses to identify the employee's work affiliation on a social network, the employee should regard all communication on that network as the employee would in a professional network. Ensure the employee's profile, photographs, and related content are consistent with how the employee wishes to present himself or herself with colleagues and clients. Alternatively, the employee should post a clearly identifiable disclaimer that any postings or blogs are solely the opinion of the employee and not the Village.
- Employees who access social media during work hours or on Village owned equipment must still comply with the Village's computer usage policies. There is no right to privacy on Village owned equipment.
- The Village may discipline employees for making a comment or posting any material that violates Village policy as set forth in this social media policy, the Personnel Policy Manual, or other Village policy.
- Nothing in this social media policy shall be interpreted in a manner that violates an employee's First Amendment rights or interferes with an employee's right to engage in protected concerted activity or union activity.

(X) Firearm Concealed Carry Provisions: A Village employee, whether working or not, is prohibited from carrying a firearm into any public building or prohibited area, as defined in Section 65 of the Firearm Concealed Carry Act, as now in effect or as may be amended in the future. No employee may bring a firearm or other weapon onto Village premises or into a Village vehicle or the vehicle's storage compartments unless (1) the employee must carry a firearm or weapon as part of the employee's specified job requirements, or (2) if the employee has a properly issued concealed carry license for a firearm and the firearm and any firearm ammunition are properly stored in a case within the employee's locked vehicle in a Village parking lot or in a locked container out of plain view within the employee's vehicle in a Village parking lot (under this exception #2, the employee may carry an unloaded concealed firearm in the immediate area surrounding the employee's vehicle only for the limited purpose of storing or retrieving the firearm within the vehicle's trunk). Any employee who violates this policy will be subject to immediate disciplinary action, up to and including termination.

1. Exceptions:

- (a) Police, both regular and auxiliary, may carry a firearm or possess a firearm in a Village vehicle while on duty.
- (b) Unloaded firearms may be in a public building for training purposes conducted by the Chief of Police or his designee or the Director of Fire and Emergency Services or his designee.
- (c) If a volunteer firefighter, paramedic, police officer or auxiliary police officer, while in his or her personal vehicle, responds to an emergency situation and that person has a firearm in his or her vehicle that shall not be considered a violation of this ordinance.

- (d) If a firearm is found on a person paramedics are treating, the paramedics may secure the firearm and store it in the ambulance.
- (e) The carrying of a firearm by the Chief of Police or the Deputy Chief of Police in a Village vehicle while using it for personal use.
- (f) Any state statute or federal law that applies and allows the carrying of a firearm that would otherwise be prohibited by this ordinance.

12-3-5: **HOURS OF WORK:**

- (A) **The Workweek:** Except for sworn employees and any other employees governed by special rules, the work period shall normally consist of five consecutive days during a period of seven consecutive days. For full-time employees, the regular workweek shall consist of forty or more hours, while the workweek for part-time employees shall vary depending upon the operating requirements of the Village and the nature of the part-time employee's duties.
- (B) **The Workday:** The various Department Heads will establish the working schedule for employees within their department, which schedule should be published not later than four days before the start of a new workweek, and should include the times and days each employee is scheduled for duty during that workweek. Every employee scheduled to work seven or more hours of work consecutively in a workday shall be provided an unpaid period for lunch of not less than twenty (20) minutes in addition to any authorized break periods designated by the Department Head. To allow for maximum flexibility in scheduling to meet the operational needs of the department and the desires of employees, the Department Heads shall have authority to vary the working hours for employees consistent with the needs of the department so long as it does not create overtime or other unnecessary expense.
- (C) **Overtime Hours:** To meet the operational requirements of the Village, all employees are expected to work hours in excess of their regular schedule whenever they are notified that conditions require that they perform additional work. Department Heads should endeavor to equalize the burden imposed upon employees within particular job groups or classifications, and shall endeavor to provide as much advance notice that an employee will be required to work beyond his or her scheduled hours as possible in the circumstances.  
  
For those employees not exempt from the requirements of the Fair Labor Standards Act, the Village shall pay overtime compensation at a rate of one and one-half times the employee's regular hourly rate of pay for all hours worked in a workweek in excess of the applicable standard established by the Fair Labor Standards Act, or the rules and regulations issued pursuant to that Act, so long as that Act is applicable to the Village.
- (D) **Recordkeeping Policy - Recording of Hours Worked:** In order to comply with the Fair Labor Standards Act and to insure employees are properly paid, Department Heads and supervisors are directed to establish appropriate practices to maintain records of the days/hours worked by employees. Employees required to record the hours worked shall be required to sign their records, and shall by signing, certify to the accuracy of the records submitted. Submission of false or misleading records shall not be allowed, and shall require termination of any employment relationship should it occur.
- (E) **Business Hours:** Business hours for the Village of Morton, meaning those hours when the public may routinely contact a department of the Village to receive service, shall normally be from 7:30 A.M. to 5:00 P.M., Monday through Friday, but may be varied within a particular department by direction of the Department Head.

- (F) Supplemental Authority: Due to the variations which necessarily exist within different departments, and within different job groups or categories within particular departments, the Department Heads shall have authority in establishing and changing workweeks, working hours, and work schedules of employees to meet operating requirements within that department in the most advantageous and cost efficient manner possible.
- (G) Payroll Period: Employees will be paid on a semi-monthly basis. Accordingly, employees shall be paid 1/24th of the annual salary as established by the annual salary resolution, applicable bargaining agreement, or other contractual arrangement. The pay dates shall be the fifteenth (15th) and last day of each month, and shall represent all compensation earned during that payroll period as established by the Village.

Employees will be paid by either check or electronic direct deposit into the employee's account at a bank or financial institution of the employee's choosing. If payment is request by electronic direct deposit then the employee shall provide the necessary information to the Village regarding the account where the employee shall have the direct deposit of the employee's paycheck directed. An employee shall contact the Village's payroll department or the Village Administrator to make changes to the employee's direct deposit information. When a payroll date falls on a weekend or holiday, direct deposit of an employee's paychecks will normally be completed no later than the day immediately preceding the weekend or holiday.

12-3-6: **ATTENDANCE / DISCIPLINE AND OPEN DOOR POLICY:**

- (A) Attendance Policy: The first duty of every employee is to maintain an acceptable record of regular, on-time attendance when scheduled for duty, and to provide proper, advance notice to their employer when circumstances necessitate absence or tardiness. Each time an employee is late in reporting to work, or is absent from work, adjustments must be made which detract from the efficient conduct of Village operations and inconvenience other employees and/or the public, regardless of the employee's reasons for being late or absent. While the Village administration recognizes employees may occasionally need to be absent, either for illness or injury or personal business, and has therefore adopted policies which are designed to offset the financial loss an employee would otherwise experience in these situations, these policies are not intended, and cannot be permitted to have the effect of encouraging absence. Each employee must strive to maintain regular, on-time attendance when scheduled in order to justify their continuing employment with the Village.

To foster and encourage regular, on-time attendance, insure that absence and/or tardiness do not become a significant problem, and provide employees who develop an unacceptable record of absence or tardiness with notice and the opportunity to correct the problem before it requires their termination, Department Heads and/or supervisors within the Village administration shall maintain attendance calendars on every employee to record instances of tardiness and/or absence from work when scheduled, with or without advance notice and/or legitimate reason justifying the occurrence. Whenever an employee's attendance calendar shows the employee has developed a record of unnecessary or excessive tardiness, absence without proper advance notice or legitimate basis, pattern absenteeism or excessive absence from duty, the Department Heads should prepare a written notice to the employee documenting the problem and the need to initiate corrective measures, and, if possible, meet with the employee to discuss the attendance problem, including methods by which it may be corrected, and inform the employee that further problems will lead to corrective actions or termination. If, despite this notice, the employee fails to correct the problem, Department Heads shall initiate prompt, effective corrective actions to remedy the problem, including, where it is found to be necessary, terminating the employment relationship in order to employ someone who is capable of maintaining acceptable regular, on-time attendance.

Absence or tardiness without proper advance notice and/or legitimate basis, in particular, cannot be tolerated. Each department shall establish procedures by which employees may provide proper, advance notice of the fact, and the reason for, an incident of tardiness or absence. Once established, employees must follow proper procedures, and the failure to do so shall warrant imposition of prompt corrective action or termination, depending upon the circumstances.

- (B) Discipline Policy: To provide services to the public with maximum efficiency, the Village administration must insure employees conform to the Village's policies, directives, and rules of employee conduct, while performing their delegated functions and duties in a safe and proficient manner. Certain standards of conduct to which employees must adhere are inherent in the nature of employment to the point that no statement or rule need be established or documented in order for employees to be expected to know the actions are impermissible, and would require termination of employment if they occur. Other conduct may have less significant effect, such that notice the conduct is unacceptable may be given before a termination would occur. Due to the investment the Village makes in its employees, and the desire to remedy deficiencies in their performance in order to promote the employee's development, the Village's policy shall be to encourage the use of progressive corrective discipline and fair, uniform enforcement of standards of employee conduct. Because circumstances may differ, however, between or even within departments, the Village administration retains the discretion to determine, in each instance, what action should be taken in response to particular employee conduct. Nothing herein shall restrict the right of the Village to terminate the employment relationship with any employee upon notice whenever it deems that decision to be in the Village's best interest.

Authority to initiate progressive corrective actions, and to recommend employment terminations to the responsible authority, is delegated to the various Department Heads, and their supervisors, who shall work together to maintain proper discipline within their assigned department.

Where the Village administration determines particular employee conduct does not warrant an immediate termination of employment, it may provide either verbal or written notice that the conduct has been found to be unacceptable to the employer, which notice may be accompanied by a suspension of the employee from duty, without pay, for a period of between one and five days. Any verbal notice or warning shall, however, be documented and made a part of the employee's personnel record. For conduct or violations found by the Village administration to be minor in nature, and for which the administration determines an opportunity to remedy the situation should be granted to the employee, the following progressive, corrective procedure may be utilized, subject to the right to initiate more severe corrective actions when they are deemed necessary:

- First Occurrence: Verbal Warning (documented)
- Second Occurrence: Written Warning with or without suspension without pay
- Third Occurrence: Suspension without pay and warning of termination
- Fourth Occurrence: Termination

Employees shall be requested to sign acknowledging receipt of any written warning or suspension notice. As a part of any corrective action imposed upon an employee, the employee may be required to participate in the Village's Employee Assistance Plan (or other similar program) when the employee's misconduct or deficient performance is related to issues addressed by the Employee Assistance Plan.

A record of each corrective action implemented should be produced and retained as part of each employee's personnel record. Employees receiving multiple corrective action notices within a short period time, such as twelve (12) months, may be terminated even though the various corrective warnings are for unrelated conduct where the Village concludes the employee's overall record is unsatisfactory.

- (C) Open Door - Dispute Resolution Procedure: The Village administration recognizes the value of open and honest discussion in the effort to identify and correct sources of discord, and finds it to be in the Village's interest to foster and encourage an open-door policy in which employees may voice differences, disagreement, or disputes without fear of retaliatory actions. At the same time, to maintain productive and efficient use of the Village's resources, it is beneficial to channel employee complaints, disagreements, or disputes concerning their employment relationship into the existing supervisory structure of the Village's administration. To promote these goals, and to further the Village's desire to remove sources of discord in order to foster efficiency and morale, the Village policy shall be to encourage employees to channel their complaints, disagreements, or disputes into the following procedure.

Any employee having any complaint, disagreement, or a dispute concerning a matter relating to his or her employment or another employee should, in the first instance, attempt to discuss the problem with his or her immediate supervisor at the earliest opportunity following the incident or situation giving rise to the problem. Should these efforts fail to resolve the problem for the employee, the employee may request a Grievance Form from the Village Administrator. This form must be filed within 14 calendar days of the event that lead to the grievance. The grievance process will follow the following steps:

- The employee shall file the form with the employee's Department Head, unless the grievance pertains to actions taken by the Department Head; in which case the form should be filed with the either the Director of Public Works or the Village Administrator. If the grievance pertains to actions taken by the Director of Public Works or the Village Administrator, then the form should be filed with the Village President.
- The person to whom the complaint is initially directed shall review all of the facts and circumstances of the complaint. A written decision shall be made by the Reviewer within five (5) business days of the date of the complaint.
- If the employee is not satisfied with the decision of the reviewer, then he or she has the right to appeal. The appeal must be filed with the person responding to the grievance within 7 business days of the notice of decision. The appeal will be reviewed by the next higher step of authority noted in the first paragraph above. If the grievance was responded to by the Village President, then the decision is considered final.
- All appeals must be responded to within 7 business days.
- All findings must be in writing.
- In the case where the individual who has the responsibility for a response to the grievance or any appeal is off work for a period of two weeks or less, the time limit shall be extended and shall commence once the person or reviewer returns to work.
- This procedure does not apply to any employees covered under a collective bargaining agreement. Those agreements shall govern.
- If an employee violates the provisions of this procedure, they may be subject to disciplinary action.

Nothing within this procedure is intended to authorize or condone any employee refusal to perform his or her duties or functions because the employee disagrees with or disputes an assignment or direction received from his or her supervisor or Department Head. Employees are expected and required to comply with directions from their supervisors whether they agree with them or not, and the failure to do so will be deemed to constitute, and treated as insubordination.

(Ord. 15-15, 12-21-15)

## CHAPTER 4

**EMERGENCY DECLARATIONS**

## SECTION:

- 12-4-1; Purpose  
 12-4-2; President Of Board Of Trustees' Power During Emergency  
 12-4-3; Absence Of President  
 12-4-4; Special Emergency Authority

12-4-1: **PURPOSE:** This ordinance is enacted to set out and clarify the authority of the Village and its officers and employees with regard to emergency and disaster situations. It is intended to grant as broad a power as permitted by statutory and constitutional authority.

12-4-2: **PRESIDENT OF BOARD OF TRUSTEES' POWER DURING EMERGENCY:** Notwithstanding any provision of this Code to the contrary, when the President determines in the President's sole discretion that a state of public emergency exists with the Village, the President may by proclamation declare a state of emergency and exercise through the assistance of the Chief of Police and Director of Fire and Emergency Services all emergency powers, including but not limited to the following:

- (A) The power to direct emergency response activities by Village departments and by such emergency services personnel as the President may designate or appoint.
- (B) The power to utilize all Village personnel, equipment, and resources in response to such emergency.

12-4-3: **ABSENCE OF PRESIDENT:** In the absence of the President, the following described persons may exercise the powers granted to the President in this Chapter, in the following order of priority:

President Pro Tem  
 Any Two (2) Trustees

12-4-4: **SPECIAL EMERGENCY AUTHORITY:** In the event the Chief of Police or the Director of Fire and Emergency Services determines that a state of emergency exists, either may immediately utilize all Village personnel, equipment, and resources in response to such emergency, notwithstanding the fact an emergency may not yet have been declared as provided herein. (Ord. 03-08, 8-4-03)

CHAPTER 5  
NATURAL DISASTERS

## SECTION:

12-5-1; Purpose  
12-5-2; Tasks to be Accomplished  
12-5-3; General Powers

12-5-1: **PURPOSE:** This ordinance is enacted to set out and clarify procedures to be implemented by the Village for the removal of all types of debris, including trees and landscape materials, from areas that are affected by a natural disaster. (Ord. 03-46, 04-15-04)

12-5-2: **TASKS TO BE ACCOMPLISHED:** The Superintendent of Public Works is authorized and directed as follows:

- (A) To assist the police, fire, and paramedics with protecting life and property in rescue operations.
- (B) Restore, if necessary, Village utility service, sewer, water and gas as soon as practical.
- (C) Clear the public streets of debris.
- (D) Remove all types of debris, including trees and landscape materials from areas affected by the natural disaster, provided such debris and materials are able to be accessed at the curb line. (Ord. 03-46, 04-15-04)

12-5-3: **GENERAL POWERS:** To accomplish the matters referred to in 12-5-2, the Superintendent of Public Works may call upon such other government agencies as are necessary for assistance, hire outside contractors, and borrow, rent, or lease equipment as is necessary. (Ord. 03-46, 04-15-04)

## CHAPTER 6

**STATE OFFICIALS AND EMPLOYEES ETHICS ACT**

## SECTION:

12-6-1: State Officials and Employees Ethics Act

12-6-1: **STATE OFFICIALS AND EMPLOYEES ETHICS ACT:**

- (A) The regulations of Section 5-15 (5 ILCS 430/5-15) and Article 10 (5 ILCS 430/10-10 through 10-40) of the State Officials and Employees Ethics Act, 5 ILCS 430/1-1 et seq., (hereinafter referred to as the “Act” in this Section) are hereby adopted by reference and made applicable to the officers and employees of the Village to the extent required by 5 ILCS 430/70-5.
- (B) The solicitation or acceptance of gifts prohibited to be solicited or accepted under the Act, by any officer or any employee of the Village, is hereby prohibited.
- (C) The offering or making of gifts prohibited to be offered or made under the Act, to an officer or employee of the Village, is hereby prohibited.
- (D) The participation in political activities under the Act, by any officer or employee of the Village, is hereby prohibited.
- (E) For purposes of this Section, the terms “officer” and “employee” shall be defined as set forth in 5 ILCS 430/70-5C).
- (F) The penalties for violations of this Section shall be the same as those penalties set forth in 5 ILCS 430/50-5 for similar violations of the Act.
- (G) This Section does not repeal or otherwise amend or modify any existing ordinances or policies which regulate the conduct of Village officers and employees. To the extent that any such existing ordinance or policies are less restrictive than this Section, however, the provisions of this Section shall prevail in accordance with the provisions of 5ILCS 430/70-5(a).
- (H) Any amendment of the Act that becomes effective after the effective date of this Section shall be incorporated into this Section by reference and shall be applicable to the solicitation, acceptance, offering and making of gifts and to prohibited political activities. However, any amendment that makes its provisions optional for adoption by municipalities shall not be incorporated into this Section by reference without formal action by the Corporate Authorities of the Village.

- (I) If the Illinois Supreme Court declares the Act unconstitutional in its entirety, then this Section shall be repealed as of the date that the Illinois Supreme Court's decision becomes final and not subject to any further appeals or rehearings. This Section shall be deemed repealed without further action by the Corporate Authorities of the Village if the Act is found unconstitutional by the Illinois Supreme Court.
  
- (J) If the Illinois Supreme Court declares part of the Act unconstitutional but upholds the constitutionality of the remainder of the Act, or does not address the remainder of the Act, then the remainder of the Act as adopted by Section shall remain in full force and effect; however, the part of this Section relating to the part of the Act found unconstitutional shall be deemed repealed without further action by Corporate Authorities of the Village. (Ord. 04-01, 5-3-04)

## CHAPTER 7

**FIREARM CONCEALED CARRY PROVISIONS**

## SECTION:

- 12-7-1: Prohibited Area  
 12-7-2: Employee Working Hours  
 12-7-3: Village Vehicles  
 12-7-4: Exceptions  
 12-7-5: Firearm Definition

- 12-7-1: **PROHIBITED AREA:** A Village employee, whether working or not, is prohibited from carrying into any public building or prohibited area, as defined in Section 65 of the Firearm Concealed Carry Act, as now in effect or as may be amended from time to time.
- 12-7-2: **EMPLOYEE WORKING HOURS:** A Village employee shall be prohibited from carrying a concealed firearm during the hours he or she is working for the Village.
- 12-7-3: **VILLAGE VEHICLES:** A Village employee is prohibited at all times from having a firearm in any vehicle owned by the Village.
- 12-7-4: **EXCEPTIONS:** The following are exceptions to Section 3
- (A) Police, both regular and auxiliary may carry a firearm or possess a firearm in a Village vehicle while on duty.
- (B) Unloaded firearms may be in a public building for training purposes conducted by the Police Chief or his designee or the Director of Fire and Emergency Services or his designee.
- (C) If a volunteer firefighter, paramedic, police officer, or auxiliary police officer, while in his or her personal vehicle, responds to an emergency situation and that person has a firearm in his or her vehicle, that shall not be considered a violation of this ordinance.
- (D) If a firearm is found on a person paramedics are treating, that is not a violation and neither is the fact the paramedics will have to secure it and keep it in the ambulance
- (E) The carrying of a firearm by the Police Chief or Deputy Police Chief in a Village vehicle while using it for personal use.
- (F) Any state statute or federal law that applies and allows the carrying of a firearm that would otherwise be prohibited by this ordinance.
- 12-7-5: **FIREARM DEFINITION:** Firearm means firearm as defined in 430 ILCS 65/1.1 as now in effect or as may be amended from time to time.  
 (Ord. 14-04, 5-19-14)
